KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. FabVon Philomena(Cheekypee)This is a fantastic debut novel from this author.It's a story about 3 people... Nick, Seth Emma. Each character told their own story. Although their stories was repeated from another point of view this took nothing

away from the story. Although I wasn't happy how the story ended I can understand because as soon as I finished I contacted the author said I NEEDED the next book NOW lol! If you're looking for a great read then I recommend this story:) Received from author in return for an honest review.

Kurzbeschreibung Breaking up is hard to do moving on is even harder When twenty-three year old Emma discovers that her ex is moving on with his life, she decides to harden up and get on with living her own. Who knew that just opening up to the possibility of a new relationship would be all that it took? Things start looking up when her hot new co-worker Seth notices her. He had been the subject of her fantasies, but she never thought she stood a chance. Then there's Nick, the sexy and self-assured guy she met at the train station that she just can't get out of her head. When even more prospects begin to show it seems that life is finally looking up. Top it off with a new career opportunity and Emma finally believes she can find her way to a whole new life. 3 POVs, Two guys, One girl, One story. ***

ber den Autor und weitere Mitwirkende Megan Keith is a married, mother of three, living in a small country town in New South Wales, Australia. She has a constant thirst for a good story, whether it is in books, music, movies, on TV, or just plain old-fashioned gossip. She has always had a creative side and loves to let her imagination run wild. On a few occasions over the years, Megan has put those imaginings into a written story, but never dreamed of publishing. She has always loved to read, but it wasn't until she got given a Kindle that it became a full-blown addiction. Her introduction to the world of Indie Authors re-ignited her passion for writing and she has spent the past ten months working on what was supposed to be one book, but has now turned into three. Finding My Way is the first of the trilogy, and is also her debut self-published novel.
