Von Laurie J. Marks : Fire Logic: An Elemental Logic Novel before purchasing it in order to gage whether or not it would be worth my time, and all praised Fire Logic: An Elemental Logic Novel:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Lesenswert!Von Thea RupprechtSelten lese ich ein Buch ein zweites Mal, um all die Feinheiten und philosophisch berlegungen und menschlichen Tiefen auszuloten. Die drei bisherigen 'Logic' Bcher von Marks gehen dazu. Teile, die ich als Lngen empfunden habe, weil ich so neugierig auf den Fortschritt der Story war werden mich beim zweiten

Lesen nicht stren. Angenehm fand ich auch die als selbstverstandlich dargestellte sexuelle Verbindung von gleichgeschlechtlichen Paaren. Leider habe ich das Buch nur als Kindle-Ausgabe, solche Bcher habe ich gerne festgebunden. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Very interesting start Von GreyMouser "Fire Logic" is obviously the start of a series, but I'm not disappointed that there will be follow ups. The overall plot is somewhat routine (what isn't in fantasy since Tolkien) and follows the "Evil Invader/Lost heir to the throne" scheme. The beauty is in the details. The evil invaders are described with detail and their own history, which includes their rather careless child raising and a fascination for growing flowers, which is never explained. The main protagonists are very well described and act convincingly. While routed in traditional heroic fantasy, the interactions between the characters never let the plot become trivial. A nice idea, on which the titel is based, are that people with affinity to a certain "elemental power" take on some of the character threads of this element. On the side, the author manages to paint a society governed by different social rules (actually two counting the invaders) without being moralistic. Nicely done and I'm looking forward to a follow up.

Kurzbeschreibung "Beautifully written." Publishers Weekly, starred review The martial Sainnites have occupied Shaftal for fifteen years. Every year the cost of resistance rises. Emil, an officer and scholar; Zanja, a diplomat and last survivor of her people; and Karis, a metalsmith, half-blood giant, and an addict, can only watch as their country falls into lawlessness and famine. Together, perhaps they can change the course of history. Laurie J. Marks' first two Elemental Logic novels (Fire Logic and Earth Logic) both won the Gaylactic Spectrum Award and received multiple starred reviews. She lives in Boston, Massachusetts, and teaches at the University of Massachusetts.
