Wundervoll

Kurzbeschreibung The Apprenticeship is Over Now the Real Test has Begun. When word that Yelena is a Soulfinder able to capture and release souls spreads like wildfire, people grow uneasy. Already Yelena's unusual abilities and past have set her apart. As the Council debates Yelena's fate, she receives a disturbing message: a plot is rising against her homeland, led by a murderous sorcerer she has defeated before. Honor sets Yelena on a path that will test the limits of her skills, and the hope of reuniting with her beloved spurs her onward. Her journey is fraught with allies, enemies, lovers and would-be assassins, each of questionable loyalty. Yelena will have but one chance to prove herself and save the land she holds dear. From Publishers Weekly Fans of high-spirited adventure, intrigue and romance will celebrate the third book (after 2007's *Magic Study*) in the saga of reluctant mage and diplomat Yelena Zaltana. The news that Yelena is a Soulfinder, able to manipulate the spirits of the dead and the living, hasn't made her popular with the inhabitants of Sitia's Magician's Keep, since the last Soulfinder turned people into mindless slaves. First Magician Roze Featherstone's hostility toward Yelena increases until the Sitian Council decides to send Yelena north as diplomatic liaison to the rival nation of Ixia. When Roze takes over the council, imprisoning her rivals and driving the nation to the brink of war with Ixia, Yelena is caught between her duties as liaison, her love for Ixian intelligence officer Valek and her fear of her own power, which she must embrace fully to defeat Roze and restore the council. Snyder delivers another excellent adventure, deftly balancing international and local hostilities against Yelena's personal struggles. (Mar.)
