Es fehlt die Tiefe Von Kindle-Kunde Ich habe das Buch fast nicht weg legen können und finde die Welt die erschaffen wurde faszinierend. Auch die Geschichte um die Heldin fesselt den Leser. Leider kann ich nur 3 Sterne geben, denn was

wirklich gefehlt hat war Tiefe. Die Personen wirken flach und unausgeflut. Die Heldin setzt sich mit ihren Gefühlen zu wirklich einschneidenden Erlebnissen in ihrem Leben kaum auseinander und der Leser bekommt keine Eindrücke über die Gefühlswelt. Dadurch wirkt sie dümmlich und naiv. Die anderen Hauptpersonen sind ein Mischmasch aus amerikanischem Klischeeteenager und dummen Sprüchen. Ich habe mich oft erwischt, wie ich das Buch beiseite legte und selbst den Charakteren Gefühle zuschrieb. Manche Ereignisse in der Geschichte wirken nicht ganz durchdacht. Ich werde mir trotzdem den zweiten Teil kaufen, da ich wissen möchte wie es weitergeht und die Hoffnung habe, dass die Charaktere sich weiter entwickeln. 2 von 3 Kunden fanden die folgende Rezension hilfreich. Nice and Light Read Von Jasmin Schulze I received this book in exchange for an honest review. Actually I'm a little bit torn about this book. I loved how it started fast-paced with a fight and didn't need a lot of explanations to start the story. It changes afterwards though, when Elena is enrolled to a school for Dragonians. There the whole question process started. Well.. it didn't strike me as odd, so it was fine, but when I got further into the story, my feelings and my thoughts started to clash. In fact I would have liked to give 5 stars, since I just couldn't put this novel away. However I kind of was disappointed, when I had finally finished reading. There were so many things I wanted to get to know, but none were explained. So I was left with a lot of questions and ideas in my mind (as I think this novel to be pretty obvious on how it will continue), making me wonder: "Why did the author decide to explain nothing?" I actually would have preferred it to be longer, too. I still have high expectations for this one though, so I'm giving 3 stars and have probably to wait about a year to continue reading. Still I got a nice feeling, when reading Firebolt. It's fast-paced and easy to understand, you can enjoy it as a light read. It's a little bit like Eragon and Harry Potter mixed together, so this might still turn out great as a complete series. :) 0 von 1 Kunden fanden die folgende Rezension hilfreich. Enjoyed the book and the series Von Sharon Sa I did enjoy the series. I will read anything that is fantasy related. The series is about a young girl so keep that in mind if you are an older reader like me. So bear in mind that it could be an emotional roller coaster as the main characters are young. The story was different from anything I had read and I like that you can get the first book free and then continue on if you like it.
