Leicht, kraftvoll und schnellVon MichaelaHDurch Facebook kam ich auf die Alexandra Jones Serie und bin froh, dass ich mit dem Lesen angefangen habe.Alex ist ein sympathischer Charakter, mit dem ich mich sofort angefreundet habe, jede Ihrer Entscheidungen wrde ich auch selbst treffen. Das Ende, Alex trifft eine Entscheidung, wo sich viele vielleicht

darber gern, ich fr mich wrde das gleiche machen. Was mir gefllt, dass Alex nicht sofort die Superfrau ist und gleich alle Verwandlungen und Eigenschaften eines Vrcolac durchmacht. Blut ist der Anfang, bin gespannt wie Alex sich weiter als Vrcolac fhlen wird. Das Buch wird aus der Sicht von Alex erzht. Kurz wird auch die Sicht vom Nathan gezeigt, was mir zwar nicht so gefallen hat aber inhaltlich wichtig war. Im Buch werden kurze Stze benutzt, was fr mich das Geschehen um so spannender macht. Knapp und ausdrucksvoll... Ich mag diesen Schreibstil sehr gerne. Ich habe mir gerade das nchste Buch "Original Sin" gekauft... Ich kann das Buch sehr empfehlen, liest sich sehr leicht, macht Spa und ich fhle so richtig mit. 0 von 0 Kunden fanden die folgende Rezension hilfreich. No revolution, but worth a try Von prcp This story is not a revolution in the genre of vampire, werewolf and supernatural creatures. I enjoyed it as a short and entertaining read. Sometimes the plot is foreseeable and the characters seem a little bit shallow, but it's an interesting mixture of different creatures, which adds some sugar on the overflowing sector of vampire stories. It's like Jacob from Twilight meeting a newborn, innocent and female hybrid like Klaus from the Vampire Diaries fighting against Originals and falling in love. You have everything in there- plus some loss, desire and drama. So if you're an adult reader, who desires to have a mystery love story, which is easy to read and doesn't demand too much attention from the reader, you should give it a try. Page numbers for the Kindle version would have been very welcomed though. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Different from the norm Von Reggie I thoroughly enjoyed First Bitten, it has such originality to it. It stands well apart from your usual paranormal romance books. Not your typical vampire/werewolf novel at all. It's well-crafted and beautifully written, and it takes you to places you just don't expect. Just when you think you know what's about to happen ... bam! the story leads you off in a completely different and unexpected direction. It's a must for any fan of paranormal romances, or readers who are looking for a little something different from the norm.

Kurzbeschreibung A love story with bite Walking home after a night out drowning her sorrows with her best friend, Carrie, Alexandra Jones stupidly takes a phone call from her cheating ex-boyfriend, Eddie, and in her anger hurls her phone into the forest before her. But when Alex goes to retrieve her phone from the undergrowth, she and Carrie come face-to-face with a monster they never even knew existed, a Vrcolac (a nightmarish vampire-werewolf hybrid) and he's in search of fresh blood. The next thing Alex knows, she is staring at the impossibly handsome but mysterious Nathan who has helped bring her back to life, but not to the life she left. To her horror, she discovers she has now become a blood-drinking Vrcolac herself and she is the only female of her kind, with the potential for breeding a whole new army of Vrcolacs if they can only track her down and press her into service. And while Alex gets to know Nathan and his shape-shifting family as they offer her the protection she so desperately needs, unbeknown to all of them, the Vrcolacs are getting closer...
