First Love - Frinds to LoverVon ihEigentlich wollte ich keine 3 Sterne geben, aber 2 ist definitiv zu wenig. Wer eine leichte, nicht so strmisch, heie Liebesgeschichte mag, wird hier auf seine Kosten kommen. Es ist eine erste Liebe - Freund werden zu Lovern Novelle. Es wird der Weg beschrieben, in der Savannah und Wes schlielich nach vielen

Jahren ihre Gefühle freinander realisieren. Der Schreibstil ist etwas anders und so war ich hin und her gerissen ob ich diese Geschichte mag oder nicht. Am Ende war ich nicht enttäuscht, werde dieses Buch aber auch bald vergessen haben. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Firsts !!!Wooooow...awesome ! Von Mic This book is perfect...great...wonderful and mostly sweet ! I read a lot of books and just a few really are worthy to get all 5 stars, but this one is definitely one of them. If you are searching for a story which is the kind of sugar sweet love story combined with a male character who you will find out is the perfect image of your dream lover...sweet at the core and rough around the edges...then go for this book. From the beginning you can feel the close connection between Savannah and Wes...they are the typical high school love couple....BUT...Wes is absolutely turning this whole view about the naive teen romance into an entire different level. He's the one who will open the door to a great, steamy and passionate experience Wes/Thorn...btw that was something I absolutely did not like ...the whole Thorn name thing, but it fits the changing that Wes has to go under and so I'm fine with it. I really fell in love with Wes and his protective, caring, loving side and just can say...go read this book ! 1 von 1 Kunden fanden die folgende Rezension hilfreich. Sweet! Von Linama More than half the book is completely innocent and focuses on his/her feelings. Then the heat is turned up. A lot. Very sweet story!

Kurzbeschreibung The past year has been hell on Savannah. Not only did her boyfriend dump her on the side of the road literally but her best friend, Wes, decided to graduate early. The person he becomes in college is even more confusing, and no matter what she tells herself, she can't get over the thought of another girl having a piece of him that she'll never have. Wes has been in love with Savannah since childhood. Trouble is, she's never seen him as anything more than a friend, and he's never been brave enough to push those boundaries. He views college as an opportunity to finally move on. However, their continued close relationship makes moving on difficult, especially since Savannah has no idea she broke his heart. With her own graduation day approaching, Savannah decides she doesn't want to be a virgin when she gets to college. Turning to Wes to solve this problem seems sensible. After all, she trusts him more than anyone. Only she isn't prepared for what her request unleashes either from him, or in herself.
