Wonderful, amazing, great bookVon AnoukMy first book by Ms Sivec, but hopefully not the last. I absolutely enjoyed

her story and her wonderful characters. Although, it's tough reading sometimes, because Fisher seems so broken and lost, it's also a pleasure to watch him and his beloved Lucy conquer the storm of their past. PTSD, flashbacks, panic attacks, alcoholism and trust issues don't sound like the perfect ingredients for a book I would label a keeper, but they're the reason why this book is so much more than a simple love story, why it is worth your time and why makes me feel grateful for my safe and comfortable couch where I can peacefully enjoy a great story.

Kurzbeschreibung Fisher, I guess this is it, huh? After fourteen years together, starting a life of our own on this island, five deployments and countless letters I've written you through it all, I finally go out to the mailbox and see something I've always dreamed of: an envelope with your handwriting on it. For one moment, I actually thought you'd changed your mind, that all the awful things you said to me were just your way of coping after everything you'd been through. I was still here, Fisher. I was still here, holding my breath, waiting for you to come back even though you told me you never would. You always said you'd find your way back to me. Out of all the lies you've told me, this one hurts the most. Enclosed you will find the signed divorce papers, as requested. I hope you find what you're looking for. I'm sorry it wasn't me. Lucy To get the ending they want, Lucy and Fisher will have to go back to the beginning. Through the good and the bad, they'll be reminded of why they always made their way back to each other, and why this time, one way or another, it will be the last time.
