Von Danielle Steel : Five Days In Paris before purchasing it in order to gage whether or not it would be worth my time, and all praised Five Days In Paris:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Danielle

Steel's most wonderful romantic novel. Von Ein Kunde Most of DS's characteristically gorgeous pretty female characters love and lose and lose again before finding happiness in the final chapter. Our lovers, Peter and Olivia, stay together from start to finish (though only in thought at times), and madly gloriously in love. Their first meeting when they eventually confide in each other (after many glances from Peter at the very pretty lady), they hold hands and she snuggles against his shoulder. Chapter 5 is the highlight. Peter searches for his love, finds her and she's overjoyed to see him, and the fact he's taken the trouble to find her. Their short time together is so full of joy as they romp playfully in each other's company. Their togetherness is electric and permeates wonderfully through the magic of these pages. They shyly spend the night together, he on the floor in her tiny room and holding hands together they drift off to sleep. Throughout the story, troubles affect both of their lives, and in the end when Peter loses all, except his integrity, she's there for him, appearing from nowhere, a vision bringing joy to his heart as for the last time they know they have each other. If you have a gorgeous lover, this story will bring tears of happiness to your eyes. One of DS's best romances. AS/JL/459.1 von 1 Kunden fanden die folgende Rezension hilfreich. Steel's best - you won't want to put it down Von Ein Kunde Five Days In Paris makes you realize how an accidental meeting with one person can change your whole perspective of your life and those in it. Even though the main character is a man, I, as a woman, had total empathy with him and wanted the story to go in the direction it did. Although it was not totally predictable, there were enough surprise angles to keep you guessing, it was definitely the story line I wish I had chosen to write. I did not want to put the book down. I would read a few lines in the next chapter and was soon so deep into it that I promised myself I would put it down at the end of that chapter, and again would read "just a few lines" to see where it was going. Danielle, you get better and better. Thanks! von 0 Kunden fanden die folgende Rezension hilfreich. A very warm and touching story of hope and understanding! Von Ein Kunde After reading some of the reviews, I had a hard time believing that people could be so hard on this book. I read it in a few hours and it touched me to the point that I could not read another book for a few days. (I usually read a book in 2 or 3 days, and can pick up another book a few hours after I finish one and enjoy the new book) I thought it was hard to get into at first, but then I realized that it was Peter's personality, since he was really the main character. It could touch home to so many people who are trapped in a loveless or unhappy marriage. You just never know when or where you will find love, and what better place to find that perfect sole mate than while spending Five Days in Paris?

Kurzbeschreibung Peter Haskell, president of a major pharmaceutical company, has everything: power, position, and a family which mean everything to him. Olivia Thatcher is the wife of a famous senator. She has given to her husband's ambitions and career until her soul is bone-dry. She is trapped in a web of duty and obligation, married to a man she once loved and no longer even knows; when her son died, a piece of Olivia died too. On the night of a bomb threat, Olivia and Peter meet accidentally in Paris. Their lives converge for one magical moment in the Place Vendôme, and in a caf in Montmartre their hearts are laid bare. Peter, once so sure of his marriage and success, is faced with his professional career in jeopardy - Olivia, no longer sure of anything, knows that she cannot go on any more. When Olivia disappears, only Peter suspects that it may not be foul play, and he has to find her again. But where will they go from there? Five days in Paris is all they have. Home again, they must both pursue their lives, despite challenges, compromise and betrayal. Everything they believe is put on the line, until they both realize that they must face life's challenges head-on..deOlivia Thatcher is the young wife of a powerful U.S. senator, and Peter Haskell is the president of a pharmaceutical empire. When their paths cross serendipitously on the night of a bomb scare, they spill their hearts to each other--and both know their lives will never be the same..comOlivia Thatcher is the young wife of a powerful U.S. senator, and Peter Haskell is the president of a pharmaceutical empire.
