Von AnnaLisa Grant : Five (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Five (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Pleasant read Von Barbara Tsipouras I really enjoyed reading, but The Lake Trilogy was even better. The story is not really

credible and Landon isn't really a hero, of an Ex Navy SEAL you would expect to be more active.

Kurzbeschreibung Jenna Rockwell has a secret. One left far behind in a deadly past she escaped six years ago. She finally has everything she ever wanted: the career of her dreams as a nurse, great friends, and a chance encounter with the handsome and charming Landon Scott that might lead to the romance of a lifetime. Things couldnt get any better. But they could certainly get worse. The past Jenna thought safely buried tracks her down, and now its either enter a life of crime or run again, which means dropping off the face of the earth, leaving everything shes worked for including the man she loves. The stakes couldnt be higher. Run or stand her ground either choice risks it all. But in the end, it all comes down to Five
