Von C. J. Evans : Five-Night Stand (romantic suspense) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Five-Night Stand (romantic suspense) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great Read!Von MacQueenI really enjoyed this book. I don't read a ton of erotic romance novels because many of them seem too self indulgent. I didn't find that t be true with Five Night Stand. There is more than one important story line as two rival thieves fight for each diamond in a set of five and subsequently fall in love. Think crime thriller meets romance. The two genres are woven together in such a way that you can't separate one from the other.The writing is fabulous and I like the characters a lot. Cooper, the leading man, is dark but also vulnerable. He is constantly worrying

that Cat does not feel the same way as him. Instead of that seeming pathetic, I found it charming. There is sex in this book. A lot of it. Many erotic novels make you feel almost embarrassed to be reading them. At least that's how I feel and I don't like it. In this book, I didn't feel that way. The erotic scenes are the right mix of classy and hot. They don't interrupt the rest of the story so much as they compliment it. The only reason I gave this four stars instead of five is because I didn't like the ending. I know this is just personal preference but I think too many writers think that love automatically has to mean a certain thing. I don't want to give any spoilers so I won't go in to depth here but I felt like the relationship moved too quickly for it to be seem realistic. It seemed out of character for both Cat and Cooper. Again, that may be just me.

Kurzbeschreibung Cat Saxton and Cooper Westford are young, sexy, and talented thieves. But when the two are sent after the same five targets, they are thrust into a rivalry that quickly takes a turn towards something much more sensual. The diamonds they're after become just another reason for the duo to meet and let the sparks fly again... at least until one is able to bewitch and trick the other. Cat and Cooper are driven further and further into each other's arms with each encounter of their five-night stand. But in a business where emotion is weakness, can the two learn to trust one another? Five dark, smooth nights where anything could happen and everything is allowed turn these two smart thieves into sizzling lovers, and they will never be the same.
