Fesselnd von der ersten Seite Von Svenja Khnke Eines jener Bücher, das so fesselnd geschrieben ist, dass ich es an einem Abend durchgelesen und den Folgebund geladen habe. Von der ersten Seite an wird man in die Welt von Kali, einer 18jährigen

Waisen am Yukon hineingezogen, die durch ihren Erfindungsreichtum die tollsten Steampunk Maschinen baut, die von einer geheimnisvollen Kraft, dem Flash Gold, getrieben werden. Die Atmosphäre ist eine Mischung aus Mark Twains "Wolfsblut" und etwas, das Jules Verne geschrieben haben könnte. Mich begeistert ist und ist sehr leicht zu lesen. 2 von 2 Kunden fanden die folgende Rezension hilfreich. Flash Gold bright and sparkling moments Von Customer Flash Gold bright and sparkling moments My first story by this writer... and I loved it. Quick pace, not dwelling on too much useless detail. This was a quick read, with some sketchy but sufficient characterisation, and a flitting pace, and good variety. I was looking for something short and well-written, and it IS well-written. One can sense there is a certain love of language, and reflection in the way the story is told. Thumbs up for this bright, fast and atmospheric short novel. Look forward to the next in the series. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Even for a novella, still loving this author Von Customer Great little free novella, lots of action the whole way through, with a little intrigue and bloodshed, only wish it were longer! Which means that I can't wait to read the next in the series, especially since they're at such a bargain price for quality writing. Loving this author! I would recommend to fans of steampunk possibilities in a Yukon setting.

Kurzbeschreibung Eighteen-year-old Kali McAlister enters her steam-powered "dogless sled" in a race, intending to win the thousand-dollar prize and escape remote Moose Hollow forever. The problem? Fortune seekers and airship pirates are after her for the secret to flash gold, her late father's alchemical masterpiece. With her modified rifle and a pocketful of home-made smoke bombs, Kali wouldn't normally hide from a confrontation, but taking on a whole airship single-handedly is a daunting task. Unfortunately, the other racers won't assist her--they're too busy scheming ways to sabotage her unorthodox sled. When a sword-slinging stranger shows up, wanting to hire on as her protector, she's sure he has ulterior motives, but he's the only one interested in helping her. The question is...why?
