Von Emily Krat : Flawed and Damaged (Damaged Hearts Duet Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Flawed and Damaged (Damaged Hearts Duet Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. It is FateVon Anna SalamatinFirst....Wow!, just Wow!.. What an Outstanding story! I couldn't put it down. I read it in a

day. The most amazing story of fate and destiny that I have read in a while. ...Ryan and Elizabeth meet by accident, an accident that ultimately decides their fate. I really enjoyed watching all the characters grow and develop, especially Ryan Elizabeth. I got to know them at the same time they got to know each other. Theirs is a love story, but it's hard won and a long really tough journey for both of them. They are two very different people from very different backgrounds. Elizabeth is an only child of parents that adored and cherished her. She lost them in a plane crash and went to live with her grandmother who she now cares for. She works to pay the medical bills, so her own life is on hold. Ryan Price and his younger brother Mark come from a loveless home. His father was a heartless man, married for money to build his empire and was never home. He forced Ryan to groom for taking over someday under the threat of protecting his brother from a secret that would shatter the boy's life. His Mother died when Mark was born, but still his only memory of her was with a drink in her hand, she hated him and the child she carried and had no problem telling him so. So here we have two people, Elizabeth, a caring, giving but still grieving young woman, and Ryan, a devastatingly handsome man who has no heart, he uses women as a release, He knows all they want is his money, he doesn't believe in love because he has never felt or gotten love. He has no time for anything else as he is determined to destroy what the old man built now that he is dead..... When Ryan Elizabeth meet there is an instant attraction, So this story is their story..... A story of Passion, friendship, humor, fear, heartbreak, love, redemption, and finally being able to let go and live. I felt the whole gambit of emotions reading this story. I chuckled and out right laughed. I felt anger, happiness, sadness and even teared up a few times. I am very anxious to read the next book and the rest of the story. I do recommend this book to 18+ as there is erotic romance on board. I was gifted this book in return for an honest review.

Kurzbeschreibung Two people haunted by their past
The collision of two damaged hearts
Meet Elizabeth Williams. She is at the airport on an important work assignment. If everything goes smoothly, after three years of hard work, she'll get a promotion and a much-needed raise. Elizabeth is putting her life back on track after it was ripped out from under her feet four years ago when she lost her parents along with all her dreams. Standing here, she believes her life is going to change for the better any moment now. Nothing can go wrong, right?
Meet Ryan Price. He came to Moscow on business. Right now, Ryan is standing at the airport looking at a present from his brother, judging by the sign a beautiful young woman is holding. Damn his brother for not cancelling this arrangement as Ryan asked.
Miscommunications and misunderstandings and a love story begins. There will be a scary flight, lovely breakfasts, long evening conversations, sharing a secret or two, discovering one another, a lot of laughter, tender moments and some tears, a fight and, of course, the I-am-ready-for-the-end-of-the-world kiss. Somewhere along the way, they won't be able to fight their feelings any longer. For the first time in his life, Ryan will experience a different shade of lust. And for the first time in her life, Elizabeth will have to trust despite all of the times she has been hurt. Will these two wounded lost souls find love, peace and comfort in each other or will they just break each other more? Is it a train wreck of a love story or a happily ever after?
Warning: This book contains mature themes and thus is intended for adult readers only. (18+)
