Von Yasmine Galenorn : **Flight from Death (Fly by Night)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Flight from Death (Fly by Night):

story, her adventures as an exiled dragon that has to stay "Earthside" for five years. The judge sentencing her actually wanted to help her and sent her to work in Seattle, for his friend the vampire, who runs the magical PI firm "Fly by Night". And this is, how Shimmer finds herself somewhere in rural northwestern Washington, together with her boss Alex and her geeky colleague Ralph, the werewolf that faints at the sight of blood. They have a job to do for a friend of Alex', whose house is haunted big time. And when I thought that just because Shimmer's voice is mostly light, the case at hand would be smooth sailing, I was in for a surprise. A good one, because that case was mysterious, gripping, full of well written classic horror elements and I so wanted to know what was what. And in the end, I was not disappointed, because the case stayed strong, right to its conclusion. I liked Shimmer a lot as a character. She is fun, shows depth and my heart bled for her whenever she remembered short episodes of her very hard life as an outcast dragon without family (I sense some big things for the future there, though). I liked watching her build something in her exiled life that turns out a lot better than her past life. The weak point for me was the romance. It wasn't bad and Y. Galenorn sure knows how to write sex. But nevertheless it was a lot of talk of emotion and not too much emotion shown. Especially since there are a lot of other relationships that feel more fleshed out. But I'm optimistic about the future, as far as Shimmer's romantic life is concerned. And as for the rest: if the series continues with the quality of the plot, I'm a fan. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Kurzbeschreibung From New York Times bestselling author Yasmine Galenorn comes an all-new series set in the realm of her Otherworld novels. Im Shimmer, a blue dragon shifter. Thanks to a mistake, I was exiled from the Dragon Reaches and sentenced to work for Alex Radcliffe, a vampire who owns the Fly by Night Magical Investigations Agency. Now, not only do I have to adapt to Earthside culture, but every time I turn around, somebody's trying to kill us. And worse, Alex is as gorgeous as he is exasperating. But you know what they say: All's fair in love and bounty hunting. When an old friend of Alex contacts him about a haunting at the High Tide Bed Breakfast in Port Townsend, Washington, we think we're on a simple ghost hunt. But our investigation quickly transforms into a deadly fight as we uncover an eighty-year-old murder, a cursed house, and a dark force trapping the spirits within. To stop impending disaster we must break the curse and lay the angry spirits to rest. Pressestimmen Praise for the Otherworld novels Yasmine Galenorn creates a world I never want to leave.
