FLYING is a wonderfully emotional, sexy and moving 2nd-Chance-Romance!Von Bianca @BJsBBMY

THOUGHTSStella is a divorced mom of a 16 year old - Tristan.During the week she works and does the usual mom-

ly things, but on the weekends she's FLYING. Since she got free flights in the divorce from her airline CEO-husband, she uses those flights to fly to airports in and outside of Pennsylvania - where she sits in airport bars to wait for a guy. Some guy always starts to talk to her, flirt with her - and the resulting one-night-stand - she calls 'Flying'. Then she leaves again. She never gets their number and she never tells her life-story. That's what she does to get out of her life for a day - to forget about her problems, the sad past she and her family had to go through. She always enjoys the short time away from home, and the time spent with those random guys. But she's also always happy to leave. She doesn't want a boyfriend or anything serious. Until she meets Matthew - in a bar in Chicago. Will she give him her real name this time? Will she even leave her number?? I'm not telling you that of course I don't want to spoil anything for you \_\_\_\_\_

I REALLY LOVED THIS BOOK!! FLYING was everything I expected from a Megan Hart book - I loved all her books... But for readers who don't know her books, they might seem a bit weird. They're not your typical erotic romance. Nope - Megan Hart books are..... Megan Hart books. Just try them, but don't start reading expecting a fairy tale-ish sexy romance. I really had no idea what to expect after reading the synopsis. Well I expected SEX and lots of it. There wasn't allll that much sex in here. We hear a lot about Stella's life at home. Her thoughts and fears. The day to day life and lots of texting and phone calls. It's not your usual she-meets-a-guy-and-falls-immediately-in-love-happy-end story. It's a very deep and intense look at the life of a slightly depressed, lonely middle-aged mother. There were so many little details that reminded me of my own life. Not the airport one night stands of course. But - just little things like the loose hook in the bathroom that she forgets to get fixed. The book is probably not something a 19 year old girl might want to read. She might get scared of how life might be for her in the future. But, hm, why the h\*\*\* not? Just read it!!!! It has SEX, LOTS of EMOTIONS - it was an extremely moving story - I cried a lot!!! It was sweet, frustrating, funny, cute. I JUST LOVED IT. If you love Megan Hart Books - you will love this one too!!! FLYING is a wonderfully emotional, sexy and moving 2nd-Chance-Romance!

Kurzbeschreibung Ever hear of wanderlust? Every other weekend, Stella buys a ticket on the next flight out of town and leaves her life behind. Home is a place with too many memories, and departure is the sweetest possible distraction. As soon as she arrives at her destination, Stella visits the airport bar. She orders a drink and waits for the right guy to come along. A bored businessman, a backpacker, a baggage handler just off shift. If he's into a hot, no-strings hookup, he's perfect. Each time is a thrilling escape from reality that gives the term layover a whole new meaning. When Stella meets the enigmatic Matthew in Chicago one weekend, she hits some serious turbulence. Something about him tells her she's not the only one running from the past. The connection between them is explosive, and for the first time, one taste is not enough for Stella. But returning to find a gorgeous man waiting for her is the easy part facing the reason she's there is a whole other matter. "Hart's beautiful use of language and discerning eye toward human experience elevate the book to a poignant reflection on the deepest yearnings of the human heart and the seductive temptation of passion." Kirkus Books on *Tear You Apart* "Hart's beautiful use of language and discerning eye toward human experience elevate the book to a poignant reflection on the deepest yearnings of the human heart and the seductive temptation of passion in its many forms." -Kirkus s on *Tear You Apart* "Naked is a great story, steeped in emotion. Hart has a wonderful way with her characters.... She conveys their thoughts and actions in a manner that brings them to life. And the erotic scenes provide a sizzling read." -RT Book s "Stranger, like Megan Hart's previous novels, is an action-packed, sexy, emotional romance that tears up the pages with heat while also telling a touching love story.... Stranger has a unique, hot premise that Hart delivers on fully." -Bestselling author Rachel Kramer Bussel "[Broken] is not a traditional romance but the story of a real and complex woman caught in a difficult situation with no easy answers. Well-developed secondary characters and a compelling plot add depth to this absorbing and enticing novel." -Library Journal "An exceptional story and honest characters make *Dirty* a must-read." -Romance s Today
