though this is still not a 5* for me, it is sooo close now! Von Minikraut I said in a former review that when Julia takes a decision as to where her life is going to be, that might be the end of the series, or not. Definitely not! Julia is kinda-settled. She has taken some decisions, everything is fine with the family, her love life is going strong. But once again she is put in a situation where she has to act herself just to keep sane. The story line in this book goes way back, uncovering connections between people who seem to be totally inculpable with regards to an accident on an icy road and a murder in the MC's restaurant. There are lots of new character introductions - who knows which one will pop up again in later books? There is some potential for a colorful community. For the first time, Julia borders on the naive, but she cuts the corner, so I still love her. The storyline as such is SOOO good! An extremely enjoyable read. I have bought #5. And since I enjoy switching from e-book to audio-book, I have been desperate enough to ask Barbara when the audio book will be available for #5. There you go. 0 von 0 Kunden fanden die folgende Rezension hilfreich.

Unusual Von Jeanne Adamek The author chose a different and unusual way of presenting her book. It reminded me a bit of Agatha Christie...but also of Judy Bolton, a childhood favorite. Of course I do not mean to say that this story was childish. It was that I had the same feelings after reading the story, which was a gentle mystery. In some of her actions Julia reminded me of Judy... I do not want to go into this with examples as I do not want to spoil the story. I especially loved how Barbara Ross was able to make WINTER into sort of a character. It made the experience of reading this cozy mystery remarkable. Recommended!

Kurzbeschreibung An autumn chill has settled over Busman's Harbor, Maine, but Julia Snowden is warming up the town by offering lobster stew at the local diner. When her landlord discovers a dead body in the walk-in refrigerator, Julia must figure out who ordered up a side of murder. Nothing's colder than a corpse--especially one stashed inside a sub-zero fridge. The victim spent his last night on earth dining at the restaurant bar, so naturally Julia finds herself at the center of the ensuing investigation. Lost in the November fog, however, is who'd want to kill the unidentified stranger--and why. It might have something to do with a suspicious group of retirees and a decades-old tragedy to which they're all connected. One thing's for sure: Julia's going to make solving this mystery her early bird special. Includes Traditional Maine Clambake Recipes! Praise for Clammed Up "Readers can enjoy both figuring out the mystery and taking an armchair visit to coastal Maine." --Library Journal
