Von Madeline Baker : Follow The Lightning (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Follow The Lightning (English Edition):

KurzbeschreibungJenna McLaughlin loves the West, loves the ranch her father wrested out of the wilderness. Even

after her mother returns to the east and her father passes away, even after her brother runs off and leaves her alone, Jenna refuses to give up the land she loves. Jay Dalton is a half-breed with a price on his head. Wounded and fleeing for his life, he huddles at the bottom of a ravine and prays to the Great Spirit for help. It arrives in the form of the magical white stallion, Relampago, who carries Dalton from the present into the past. Jenna is alarmed to find a wounded man in her yard. Reluctant to help a stranger, yet reluctant to turn him away, she takes him in and nurses him back to health. The attraction that blooms between them soon turns to love and wishes of forever. But is Jay in the past to stay? Or will Relampago return him to the present where he belongs?
