Amy B "One for readers at the older end of the 'young adult' spectrum, The Thousand Year Curse is clearly the work of a gifted young writer. ...what struck me most about the book was the deft and surprisingly mature touch of the author." Jay G "I fell in love with Taylor's writing when I read the first book in her Curse Books. When I opened this book {A Reliant Love} I wasn't positive what would be waiting on the other side for me, but I was certain it would be a reading adventure. Taylor didn't disappoint." Bestselling author Jesse Kimmel-Freeman "I absolutely loved this story {For The Love of Ash} and how beautifully it was written and flowed together. I have reread it 4 times now!" Taylor K "I never thought I would read a "zombie book", much less love one. The Last Legacy really surprised me. Even with the whole people-eating-people thing, it was a fantastic book." Melannie S
