Von Jo Beverley : Forbidden Magic (Signet Historical Romance) before purchasing it in order to gage whether or not it would be worth my time, and all praised Forbidden Magic (Signet Historical Romance):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Magical, spellbinding, and absolutely fabulous!Von Ein KundeI love romance, but most of the novels out now a days are trashy and are all about copulation. Forbidden Magic was well done, and actually had a story. It was a woderful mix of magic, love and passion. Meg is a charming character full of life and spunk from her naughty undergarments to her shy demur way. I found Sax to be a marvlous character, with his temper and his love for stray unwanted animals. He is quite eccentric and just what I would want in a husband. Mrs. Beverly did a fabulous job on this story and I throughly recomend it. This was the first book I've read written by Mrs. Beverly and you can be sure that it will not be the last!2 von 2 Kunden fanden die folgende Rezension hilfreich. A LOT OF FUNVon Ein KundeSax was a terrific hero. I

wasn't too sure of his depth of character when he chose to wed by flipping a coin or from the fact that he lost track of an important sort of promise he made to the Dragon, but he redeems himself admirably by being attracted to his wife and not to his beautiful young sister-in-law like the cad, Sir Arthur. His quirks were made him fascinating. I didn't like that Meg was so determined to change him but she was still a likable woman filled with laughter. The magic part made an interesting twist and helped to make the story fun to read. It's probably not for everyone but it was fine for me. 2 von 2 Kunden fanden die folgende Rezension hilfreich. FunnyVon ThornNow, I much prefer Beverley's Mallory novels, but this one is not bad at all. Of course, Sax, and the rest of over the top characters, including his servants, his pets and his antagonists infuse the story with a strong nonsensical element, but that does not detract from the fun. And, of course, only Sax would dare order a magical statue with a nasty streak around. Recommended.

KurzbeschreibungLeft penniless after her parents' death, Meg Gillingham is in dire straits. Reluctantly, she turns for help to her only legacy a magic statue that will grant wishes, but at a price. From BooklistBeverley's nonpareil Regency-era romance of the season features a vulgar prehistoric stone statue, the sheelagh-ma-gig, which has been used by generations of women to invoke a dangerous magic. Meg Gillingham, responsible for four orphaned younger siblings, is down to her last handful of oatmeal when their lecherous landlord, Sir Arthur, threatens to either make her younger sister his mistress or throw the family out on the streets. Meg decides that she must use the sheelagh-ma-gig, even though it will exact a high price. Could it be the magic of the statue that induces the eccentric earl of Saxonhurst to decide to take his one-eyed maid's suggestion and marry respectable but impoverished Meg? Terrified that her new husband will discover that she used magic, Meg leaves the statue behind, intending to retrieve it later, but it is stolen by the dastardly landlord. Meg bravely sets out to retrieve the family treasure but finds herself fleeing for her life when she is fingered as Sir Arthur's murderer. Delightfully odd characters and a thrilling plot, along with a generous touch of magic, make this an enchanting read. Diana Tixier HeraldFrom Library JournalForced by a forgotten promise to his autocratic grandmother to marry by his 25th birthday, the earl of Saxonhurst consults his servants, flips a coin, and ends up married to gently bred but impoverished Meg Gillingham. He doesn't realize that in her desperation Meg has invoked the powers of an ancient Irish statue to help her out of her difficulties?with sexy, magical, and ultimately dangerous results. A charming, outspoken heroine, a magnetic, unconventional hero, and a diverse cast of well-drawn secondary characters come together in a fast-paced, intriguing plot with a holiday setting that features a touch of evil, a dash of bawdy humor, and enough of Beverley's trademark page-singeing sensuality to satisfy the most demanding reader. Beverley (Lord of Midnight, Topaz, 1998) is a member of the Romance Writers of America Hall of Fame and lives in Canada. Copyright 1998 Reed Business Information, Inc.
