Es bleibt zwar noch einiges im Schatten, aber das macht es umso spannender und man will noch mehr ber Nates Vergangenheit erfahren. Ich warte schon sehnschtig auf Band 13.0 von 0 Kunden fanden die folgende Rezension hilfreich. GrippingVon Jacky from Germany(Kindle version). This book has everything. Real people, although they are doing very extreme things. It's

very violent and gory, but you just go with the flow. I immediately downloaded another book from the series.0 von 1 Kunden fanden die folgende Rezension hilfreich. The Hunted Becomes the Hunter ... with Long Odds against Him Von Donald Mitchell "The enemy shall not outwit him, Nor the son of wickedness afflict him." -- Psalm 89:22 (NKJV) I am reviewing the Recorded Books audio version narrated by David Chandler. This is my first C.J. Box novel about Joe Pickett. I was so impressed that I started reading the series from the beginning. Joe Pickett's friend Nate Romanowski becomes the target of his former superior in Special Forces, who wants to silence any hint of a horrible misdeed. Although Nate expected to be attacked at some point, he finds himself woefully unprepared for what faces him. Joe Pickett would like to help, but Nate knows that Joe would probably just become collateral damage. When the threat draws near, Joe prepares to leave. But how can he abandon his friend? The story is a bit slow in places, but the points of tension are almost overwhelming in their power. You need some release from their grip to get through from one horrifying scene after another. Mr. Box really knows how to display savagery well. I especially liked the use of falconry in the story as an overall theme. I would have graded the book higher, but I felt that it could have been condensed to good effect. The reading is well done and adds to the story. I recommend listening rather than reading the book for the greatest enjoyment. Enjoy!

Kurzbeschreibung Joe Pickett's outlaw companion, Nate Romanowski, faces the battle of his life: one he may very likely lose. Nate knows too much about Special Forces Black Ops in Afghanistan - and he must be silenced. Nate's former comrades know the time has come to end the threat once and for all. And they do it by incorporating many of the same tactics that served their unique and secret unit well in the Middle East: recruiting locals. Nate can trust no one except Joe Pickett, who is constrained by his oath and duty to the law and the state. But Nate must involve Joe because he knows his enemy will strike at his friends in order to draw him out. The entire Pickett family will be a target. Nate can only fight back outside the law, and Joe must make a choice: help his friend or keep the peace?
