Great booksVon PlatonI really liked the storyline and the change that is happening all the time... can't wait for more to come!!!3 von 5 Kunden fanden die folgende Rezension hilfreich. liked the series until nowVon vielleserinI have to admit I really liked the series until up to this book. I just loved Tanya - she is soooo much not a damsel in distress - and I also liked Chris because he did not seem to be so full of himself. But now the story is getting to political for me.

I had read in the books before of the dislike the author portrays towards Europe, liberal values etc., but I thought - hey what the heck, it is just a story. This one, however, is just ridiculous. The story is turning into a two-dimensional fiction in which a very conservative author seems to want to justify his beliefs. And this is where I am getting out. It is pitifully because the idea was good and quite unusual, but just like the books of Terry Goodkind (the only ones I ever threw into a trash can) the author mixes his own political beliefs a little too much with a story. And it is not my understanding of a relaxing and entertaining reading to be tortured by very conservative how very bad liberals are.

Kurzbeschreibung Chris Gordon has never had an easy relationship with the White House. Now, after rescuing his goddaughter from a secret base in New Hampshire, its reached a new low. You drop one little asteroid onto the continental United States and the entire government goes crazy. On top of that Halloween is fast approaching and demons are popping through into our world every which way. Forced into the world of high level politics, Chris and Tanya and their merry crew will have to stay two steps ahead of just about everyone if theyre going to have a chance in hell of preventing all Hell from breaking loose.
