Anita Black is known for rough and hard erotica and this novel has it all! Great story, captivating writing style and a feeling that you are watching a blockbuster movie and not reading a Kindle book!This Keira Waters is not a hero but I could relate to her. Her life is shattered and she does what she has to do to get back to the people who betrayed her. I just loved the dynamics between the three hot brothers. And I hope there will be maybe a threesome in the future? Who knows, I'm just dying to read the next part as soon as it's out there! I can highly recommend this awesome book if you are into the kinky stuff with a really good plot!
