to watch Von Volker Barth the story is told very nice. but i really enjoy believable stories more. although the idea behind the story seems quite okay

**Kurzbeschreibung** When Rachel discovers her husband, Eric, has been having an affair with a woman at work for the last two months, she is ready to pack the kids and leave him forever. He begs her to stay, offering to do absolutely anything if only she will forgive him. Wanting to show him what it feels like, she tells him she will stay on one condition that he allow her to tie him up and do absolutely anything she wants. What he doesn't know is that she has much more in mind than a simple BDSM session. She's going to teach him the ultimate lesson by having sex with his own bro while he is forced to watch!
