Von Bridget Essex : Forever and a Knight (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Forever and a Knight (English Edition):

Funny and enjoyable readVon Newwa EwwaI already like "A knight to remember", but I fell in love with this "sequel". The main character (Josie) is funny, witty and has this kind of dry humor that cracked me up more than once and I found myself laughing ot loud. The setup is similar to "A knight to remember". A portal to another world opens but instead of someone falling out of it, in this story Josie falls into it and finds herself not only in a strange and unknown universe, but also on top of a female warrior named Attis. Not only does she need to adjust to the unfamiliar

surroundings (and her feelings), but also trying to find a way back into her own way. A very entertaining read.0 von 0 Kunden fanden die folgende Rezension hilfreich. The knight in shining armorVon EquipoiseJosie is a loner still getting over the death of her sister which she caused but can't forgive herself. When she falls through a Portal to another world she meets the Knight Attis or rather she falls on the Knight. They journey together to the next big City and the Star Festival. It's a journey of becoming a better person, live the adventurous life and falling in love... a story Bridget Essex writes best. If you loved A Knight to remember you will love Forever and a Knight.Watch for the falling Stars. :)

KurzbeschreibungA warrior woman, a DJ from Boston, and a love story that's out of this world...Josie Beckett is a shock jock DJ--she's sarcastic, funny and doesn't believe in anything at all, certainly not in magic. But she's going to start believing when she finds herself no longer in her apartment's basement but in the wild woods of another world entirely. And falling (literally) onto a woman who makes her heart skip a beat. Attis, the mysterious, dashing woman Josie unceremoniously fell onto, was once a knight but tragedy caused her to give up her dream. Josie is now on another world, a world where cheap coffee, twenty-four hour hot dog stands and radio don't exist--and she has no idea how to get home. When Attis offers to let Josie accompany her to the capital city of this strange, magical country, Josie embarks on the ride of her life. There's so much more to Attis than meets the eye, and in the span of a couple of days, Josie finds herself falling for the brooding, quiet warrior woman who was there to catch her. Can the two women find a way back to Josie's world or will love make Josie want to stay? And, of course, there's the tiny problem that, in the dark woods of this strange, new world, there is something following Josie and Attis...FOREVER AND A KNIGHT is a light-hearted, fantastical romance that will take you on a journey you'll never forget. This novel is set in the same world as A KNIGHT TO REMEMBER, but is a stand-alone book. It is part of Bridget Essex's Knight Legends series: women knights, real world hi-jinks and love stories that transcend time.
