FANTASTICVon wildekI kept reading all night both excited and sad. Excited because it was such a great book, sad

because I didn't want it to end.

Kurzbeschreibung Danielle and Ethan may have solved their problem with vampires, but other magical beings have taken interest in the ones who discovered the cure. On the run trying to escape a gaggle of evil pixies, a clan of creepy werewolves, a coven or two of wicked witches, and a school of lovely but malicious mermaids, they fight to have a normal life. But that isn't so easy when the only aid they have is from slightly dishonest fairies and flirtatious vampire bodyguards. This is Danielle and Ethan's happily forever after.... Note from the author: The Fateful Trilogy was Danielle and Ethan's story, and Forever is the last book in their tale, but this is not the last book in the Fateful Series! I don't like to clutter up my stories with too much info about side characters, especially when it doesn't carry along the plot for the two main characters. Even so, my side characters will get the chance to tell you their stories as well! Up next are Max and Nadias story, and a real cookbook brought to you by Sophia. There are several more books planned in the Fateful world, so please stay tuned....
