And yet I find the story very irksome. Everybody so selfless and mature... Oh, and of course accepting. I liked the idea of the story but it lacked depth. So, Cole gets Lily pregnant, his brother Sloan takes the heat. When the baby is born and Cole FINALLLY puts 2 and 2 together, Sloan steps aside without a care in the world. Nah, he's just marrying the mother. Cole can swoop in and be daddy. No big deal. And why did no one react to the news who the real father is? It was all very strange.0 von 0 Kunden fanden die folgende Rezension hilfreich. Oh My GodVon JulesThis book was amazing. Perfect. So sweet. Sloan and Lily have to get through pain and heartache, admitting to each other what they knew had been there all along.Read this book. I dare you to fall in love.
