**Von Jackie Williams : Forever Scarred (Scarred Series Book 3) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Forever Scarred (Scarred Series Book 3) (English Edition):

A great read.Von AnthonyJI was fortunate enough to read the first in this series, Running Scarredand really enjoyed it. It was with great anticipation that I began reading Forever Scarred, and I must say it was well worth the wait. The character

of Joe was beautifully written and it was good to be reunited with the original team in the chateau. The story's nastier characters were so well written it was as if I knew them and could picture them in my mind very clearly. The book was a true page turner in the sense that it set a cracking reading pace, and I had to find out how everything would end up for all involved. JW does it again.. Brilliant.

**Kurzbeschreibung**The long awaited sequel to *Running Scarred* and *Scarred Beginnings*. Working alongside his ex-veteran friends in the isolated French chateau where he doesn't have to explain how his face was destroyed, suits Joe perfectly. Barely able look at his own reflection let alone show himself to anyone else, the longer he can remain secluded from the outside world the better he likes it. But Joe wants the same as any man, the same things his friends have found and when a party of salesmen descends upon the chateau for a team building course, Joes resolve to keep out of the spotlight is put to its hardest test yet. The chief executives beautiful secretary is exactly the woman he is looking for, but he knows that she is unlikely to spare him even a glance. Her life is complicated enough and embarking on any liaison is the last thing on Lucys mind but something about the huge ex-soldier has kept her heart pounding and her stomach fluttering from the moment she laid eyes on him. Joes scarred face pales into insignificance as she finds his potent strength, his gentle sincerity and his genial mood far too beguiling.Can Lucy escape from her blackmailing boss and take what her heart desires without leaving herself destitute? Will Joe rise above his own crushing insecurities long enough to rescue Lucy not only from her own fears but from her handsome but lecherous employer, or will his lack of self-esteem and long practiced avoidance tactics prevent him from opening his heart and him keep him *Forever Scarred*?2015 revised edition, now containing over 5000 extra words, enriched scenes and even more sensual romance, *Forever Scarred* gently explores the lives and loves of soldiers disabled while on active duty. Suitable for ages 16 and up due to sensual sex scenes and swearing.
