Fun to readVon SunneIve read all three books of the series and have decided to give them one review together.This is the story of two hot guys in two different agencies. They arent supposed to like each other, the agencies do not think very nicely of the other ones.But they do, both Mark Vincent and Quinton Mann are tough guys, Vincent is even a bit spooky ;) He has very high morals concerning the people he cares of but for the rest of the world? You better do

nothing to annoy him. Their chemistry is really good, the stories are entertaining and captivating. The writing is neither too flowery nor too generic, it has a simple but unique quality that I really enjoyed. The whole series has just one flaw. I had the feeling while reading, that this had been written in more parts and put together later to just three books. Sometimes facts or connections got explained in the middle of the book despite we already have read this in the same book. And there are large parts where we get told the same events from both POVs, so after reading about a week from Marks POV we get the same week from Quintons POV, too. Sometimes it was interesting, sometimes not so much. Unfortunately later, when I really had hoped for both POVs then we got only one ;) The books also have some very good supportive characters, its a bit a pity that in the last one they dont play such a big role anymore. But Im not complaining. These are long books and totally worth a read. I enjoyed Marks bluntness and willingness to do whatever needed to be done very much, as Quintons realization that Mark definitely was his weak spot. I recommend them.

Kurzbeschreibung Sequel to Houseboat on the Nile Spy vs. Spook: Book Three Lately, life is both sweet and sour for intelligence operatives Mark Vincent and Quinton Mann. The sweet is theyre settling into a relationship; Mark has found a condo in Alexandria with the help of Quinns mother, Portia; and Mark and Quinn are looking forward to spending the holidays in the Caribbean. As for the sour, something shadier than usual is going on at Langley. Useless missions and sleepless nights are leaving Quinn exhausted, and then Portias life is threatened. When Quinn discovers the accident was no accident and the egomaniacal Senator Wexler is involved, hes out for blood. To this point, Mark has stayed out of Quinns CIA business. But hurting Quinn and those he loves isnt on the table, so at Marks instigation, they set out together to deal with Wexler. The only catch: its the first time Quinn will see Mark at his deadly best, and Mark isnt sure how his lover will react.
