Von Elizabeth Lowell : Forget Me Not before purchasing it in order to gage whether or not it would be worth my time, and all praised Forget Me Not:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Sensual, allegorical love poem. Still a keeper!Von Summer BelleRafe is a man who survived hell as a POW (sort of). He

survived by dreaming of his love, Alanna. Only when he "returns from the dead", he discovers the woman he loved enough to live for didn't love him enough to wait. . . she was "happily married" to her singing partner. He's filled with bitterness and never tells anyone he's alive. Alanna is disgusted with herself for her loveless, marriage of convenience. She discovers Rafe still alive tries to reconcile with him, but he rejects her. Alone, despondant, she goes back to her husband. But she's no longer the girl she was and Jack senses their careers are over and convinces Alanna to go camping one last time. Amidst a storm, Rafe's bitterness, Alanna's memory, and Jack's life is washed away. Rafe vows to set Alanna free by giving her back her memories and her life. The fishing scenes are all metaphors for his dreams for Alanna. She's the elusive trout, he's the hungry fisherman. Trying to lure her from the depths of her own fears, trying to convince her that being with him is better than being anyplace else. His hooks are all barbless - she won't be killed coming to the surface. The result is a love story that makes me ache for the pain of two people trying desperately to reach each other through miles of tangled memories. The allegories make this more poem than prose and I loved it. 2 von 2 Kunden fanden die folgende Rezension hilfreich. Different from other EL books but still captivating. Von Ein Kunde This book is different from other by Ms. Lowell. I was expecting the intensity as seen in her historical series. What I found was a poetic book about the relationships of brother and sister and long lost loves. This flowing story is one to curl up with on a cold, snowy day. The meaning is in the symbolism, not in hot and steaming love scenes as one might expect. 0 von 0 Kunden fanden die folgende Rezension hilfreich. DISSAPPOINTING..... Von Ein Kunde This is my fifth book of Elizabeth Lowell. So far, I'm a little dissapointed especially this one. The story line is weak, the characters not properly set. There is very little funny stuffs in the book. EL was trying to create the constraints between the man and woman but failed to do so. Overall, it's definitely not a good romance. (TRY SUSAN ELIZABETH PHILLIPS and you will get what I mean as a good romance)

Kurzbeschreibung The terrible tragedy Alana Reeves suffered on Wyoming's Broken Mountain has vanished from her memory. Now nothing remains of those six lost days that cost her everything she held dear. But a man has appeared from the shadows of Alana's past -- a rugged outdoorsman who once dwelt in a wounded heart he is now sworn to heal. Like an answered prayer, Rafe Winter has come to lead Alana out of the darkness -- and back to the scene of the nightmare she has erased from her mind. Alana must follow him -- for in Rafe's powerful arms her fears can be conquered, and through his love hers can be reborn. From Publishers Weekly Lowell's (Untamed) latest is packed with dramatic action and emotional upheaval, but weak characterizations mean it's still not that gripping. Popular country singer and Wyoming native Alana Reeves has been in love with Rafe Winter, her childhood neighbor, for years, but when he is pronounced dead after a dangerous Army mission in Central America, she is persuaded to marry her singing partner and move to Los Angeles to further her career. This loveless marriage comes to an abrupt end when Alana's husband is killed, and she is severely injured, during a hiking vacation in Wyoming, an episode so traumatic that Alana can't remember anything about it. After fleeing to Oregon, she is lured back to Wyoming by her brother and discovers Rafe is still alive and still in love with her after all. But whatever happened to her during the week she's forgotten has left her deeply afraid of men. Rafe is determined to help her get her memory and her desire back, and the two share some sweetly tender moments. Both protagonists are fairly cardboard, however, vessels for emotional turmoil instead of fully developed characters, which makes Forget Me Not rather forgettable. Copyright 1994 Reed Business Information, Inc. From Library Journal Lowell's volume follows protagonist Alana Reeves, who, suffering from amnesia, must try to unravel the circumstances of her husband's death. Things get even more complicated when an earlier love, long believed dead, resurfaces. More for the romance crowd, Lindsey's title presents the tale of a beautiful woman and a handsome scoundrel in the Old West. Both of these are perfect beach reading.
