InterestingVon StephWingSabI liked the Egyptian mythology. The start was fascinating, but the end was kind of abrupt. I also think that the main characteres bluff at the end was transparent and I could not understand at the end why she choose that particular god.The tension between the two main characteres at the first half was were intense in a good way.

KurzbeschreibungAfter an unjustified two-century stint in purgatory, Scimitar Magus Dakar returns to the human realm, renewing his eons-old curse. Either he or the woman he loves must murder the other within days of meeting in each new lifetime. To break the vicious cycle, he must kill her before she strikes her deathblow, something he's never done in the past. Archaeology grad student Shay McGinnis suffers a near-death attack in pursuit of a piece of Scimitar Magi lore. But did the magnificent warrior who pinned her to the wall injure her or the daemon he fought? In her search for answers, she draws the attention of both an ancient evil sorcerer and the warrior Dakar. The attraction between her and Dakar is instant, and for Shay confusing. She wants to be with him, but intuition equates him with death. Not random death. Hers. Will this be the lifetime they break the curse before they are murdered by an age-old enemy or worse kill each other yet again?This is a new release of a previously published edition.

ber den AutorZoe Forward is a hopeless romantic who can't decide between paranormal and urban fantasy romance. So, she writes both. In addition to being a mom to one rambunctious kindergartener and wife to a conservation ecologist who plans to save all the big cats on the planet, she's a small animal veterinarian caring for all the small furrries, although there is the occasional hermit crab. When she's not typing at her laptop, she's tying on a karate belt for her son or cleaning up the newest pet mess from the menagerie that occupies her house. She's madly in love with her globe trotting husband of ten years and happy when he returns to their home base in North Carolina.
