Interesting Von Tomke Shn This was an interesting read. The author is able to paint pictures through her words and I was impressed with her vocabulary, especially the one about genitalia. I removed a star because I couldn't fully crasp

the main character and I found it sometimes a little bit too much.

KurzbeschreibungHes the reason to be careful what you wish for.After her jealous boyfriend makes an angry, careless wish, Maya DeLuca finds herself trapped in a traveling demonic circus and at the mercy of a devious jinni, Bell Madoc. She joins the other lost souls of Arcanium who suffer in perpetual purgatory under the weight of their wishes, all making the best of a cursed situation.But Mayas not even cursed because of her own wish, which means she still has three for Bell to grant.He may be fond of herthe passion they share is as hellfire hot as it is wrongbut that doesnt mean shes safe from his endlessly inventive, wicked imagination. He might twist her wishes at his whim for his own pleasure. Or he might just give her what she wantswhich could be even worse.KurzbeschreibungHes the reason to be careful what you wish for.After her jealous boyfriend makes an angry, careless wish, Maya DeLuca finds herself trapped in a traveling demonic circus and at the mercy of a devious jinni, Bell Madoc.
