Von Mark Edwards, Louise Voss : Forward Slash before purchasing it in order to gage whether or not it would be worth my time, and all praised Forward Slash:

Kurzbeschreibung A terrifying novel about internet dating, secret desires and a chilling serial killer. From bestselling authors Mark Edwards and Louise Voss. He's posted on your wall. He's following you on Twitter. He knows where you are right now. When Amy receives an email from her older sister, Becky, announcing that she's off travelling and "don't try to find me", she is worried. Becky would never do such a thing on a whim. Amy, who is recovering from an abusive relationship that has left her terrified of love, soon finds that Becky had started using online dating sites. Aided by Becky's neighbour, Gary, Amy sets about tracking down the men her sister had dated, following a trail that leads her into the darkly seductive world of internet hook-ups. But Amy is unaware that a sadistic killer is watching a killer who has been using the internet to stalk, torture and kill. Now he's got something very special planned for Amy and she is about to find out that romance really is dead. *Pressestimmen* The tension simply keeps rising and rising... Brilliant.

Booksmonthly.co.uk Praise for Voss Edwards: 'I was gripped all the way - the ending is terrific.' Peter James 'A very clever, very pacy story that kept me guessing right to the end' Elizabeth Haynes 'An ingenious tale of stalking and its twisted repercussions. Took me in a very different direction from the one I'd been expecting.' Alex
