unbedingt lesen Von E-Ton Dieser Harlan schreibt unglaublich fesselnd. Ich fand schon "Six Years" so toll und musste dann unbedingt noch was von ihm lesen. Jetzt bin ich an dem Punkt angekommen, wo ich mir gar nicht mehr die Klappentexte durchlese, wenn ich mir ein Buch von ihm kaufe, um es mir selbst noch spannender zu machen. Denn enttäuscht wurde ich bis jetzt von noch keinem Buch von Harlan Coben. In diesem Buch ist die Spannung schon ab der ersten Seite da, weil man unbedingt wissen will, was da nicht stimmt. Ich konnte das Buch nicht mehr aus den Händen legen und habe es in 2 Tagen gelesen. Nur zu empfehlen! 1 von 1 Kunden fanden die folgende Rezension hilfreich.

Children's book Von Alfred J. Kwak Took this book home from the library thinking it dealt with sports impresario Myron Bolitar. He figures prominently indeed in the first chapters, but as the uncle of 13 or 14 year old basketball prodigy Mickey Bolitar, from whose perspective this book, and two earlier installments, Shelter and Seconds Away, is written. Live and learn. So, for 50 pages or so I entered then exited, a rather alien world of high school gazing, teens terrorized by an occult butterfly and other fears, and their addiction to social media, once described as a tool of reaction without action. Reading on was no option, but hope nonetheless that other readers, esp. parents agree that Harlan Coben is the best possible advisor of carefully dealing with the internet: his writing style is always highly interactive, here through Mickey whose adolescent concerns and insecurities are perfectly echoed. To engage teenagers, he writes brief chapters full of drama and cliffhangers to warn about e.g. the perils of chat rooms. Unless I am terribly wrong, this book and series is an extension of, or aid to good parenthood.

Kurzbeschreibung Following SHELTER and SECONDS AWAY - the gripping new Mickey Bolitar YA thriller from the internationally bestselling master of suspense. It's been eight months since Mickey Bolitar witnessed the tragic death of his father. Eight months of lies, dark secrets and unanswered questions. While he desperately wants answers, Mickey's sophomore year of high school brings on a whole new set of troubles. Spoon is in hospital, Rachel won't tell him where he stands, his basketball teammates hate him . . . and then there's Ema's surprise announcement: she has an online boyfriend and he's vanished. As he's searching for Ema's missing boyfriend (who may not even exist!), Mickey also gets roped into helping his nemesis, Troy Taylor, with a big problem. All the while, Mickey and his friends are pulled deeper into the mysteries surrounding the Abeona Shelter, risking their lives to find the answers - until the shocking climax, where Mickey finally comes face-to-face with the truth about his father.
