berraschend gutVon CustomerEin hochinteressantes Thema. Was macht uns Menschen oder unser Leben aus?Kate hatte einen schweren Unfall und da sie ihren Krper im Falles eines solchen zu wissenschaftlichen Zwecken zur Verfugung gestellt hat, landet sie in einem Forschungsprogramm zur Entwicklung von Soldaten Cyborgs. Alles

menschliche soll ihr genommen werden, Gefühle, Erinnerung, Schmerzen... das ist an sich furchtbar. Es gelingt auch nicht. Kate hat nach wie vor Gefühle...Auf der anderen Seite wäre sie ohne dieses Forschungsprogramm nicht mehr lebensfähig gewesen.Gut, dass es Menschen gibt, die zu ihren Verbündeten werden.Das Buch ist auch realistisch, obwohl vieles natürlich wissenschaftlich nicht möglich ist.Es gibt überraschende Wendungen und man fühlt mit der Protagonistin mit. Ich wünschte mir manchmal, sie hätte sich am Ende anders entschieden, aber so wird es echt spannend, wie es wohl weitergeht. ...

KurzbeschreibungDonate Body to Science. Check.When seventeen-year-old Kaitlyn checked the box, she never suspected she'd have her life and her body stolen from her. She awakens one day in a secret laboratory to discover that her body is now half-robot and is forced to hide her own secret: that she still has human emotions and a human mind. If the scientists who made her find out, they'll erase what remains of who she was.Kaitlyn finds an unlikely ally in Lucas, a handsome, brilliant scientist who can't get over the guilt he feels knowing she was once a vibrant, beautiful young woman. He never expected a science project to affect him the way she does. As he tries to help her rediscover her past, he finds himself falling for the brave girl struggling to find her place and acceptance between the human and computer worlds.*For mature teens due to some sexual content.KurzbeschreibungDonate Body to Science.

Julia was greatly encouraged by her mother to read and use her imagination, and she's believed in magical creatures since the day her grandmother first told her an Irish tale. Julia has traveled far and wide to all the places her grandmother told her about, gaining inspiration from her journeys to places like Nepal, Cyprus, Sri Lanka, Italy, France and many more. And who knows? Maybe the magical creatures she writes about are people she met along the way. Julia Crane has a bachelor's degree in criminal justice. Although she's spent most of her life on the US east coast, she currently lives in Dubai with her husband and three children.
