Mine! Von Ingrid Stephanie Jordan 5 Stars Title: Freeing A Lion Series: Sleeping Lions Shifters Prime Book Two Author: Harmony Raines Reviewer: (Ingrid) Stephanie Jordan #Paranormal #LionShifter #LionessShifter What a adventure, again Ms. Harmony had me going by the first page which continue to the rest of the book. Twenty-six chapters of something happening each step of the way, to get to Shifters Prime. I wonder is there a back seat driver to reading because every time they were going to do something I kept saying Yes Run, Run, Go! Go! Charlotte was Lottie Harrop now, as she was on the run and very tired of running, wanting to stand up for herself in hope that she won't be found and killed. Lottie had to quit being afraid so she joined ARNC, Animal Respect Not Cruelty. Going to Cartwright Brothers Circus Lottie was going to take pictures of the cage, problem was it sure wasn't what she expected. Daniel couldn't believe his bad luck, he had no choice if he didn't cooperate they would torture Lea, she was only 6 yrs old. He promised her mom he take care of her. Boy he was doing good at that since they've lived in these two cages for two years now. Will Daniel and Lea ever be free? I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung Despite a past she has been hiding from for two years, curvy girl Lottie joins an animal rights group to help the animals kept in appalling conditions in a nearby circus. But when she lifts the tarp, and takes a photo of the caged lion, what she sees will change her life forever. Or should that be shift her life forever! Tricked into being a circus lion by a sadistic lion tamer, Daniel is trapped, with no end to his suffering in sight. They have exactly the right kind of leverage over him to keep him under control. But he longs to be free, to go across the border to Shifters Prime, and live like a normal shifter. However, Daniel is about to find out that fate moves in very mysterious ways, and when a stranger looks into is cage, he knows she is his mate. Can she help him escape? Can she help him achieve the impossible, and return to Shifters Prime? When her past catches up with Lottie, it seems the rescuer will be the one in need of rescue, and who better to do so than a handsome hunk of lion flesh. The only problem; you can only enter Shifters Prime with a visa, which she doesnt have unless you are a shifter which she isnt yet! Freeing a Lion is the second book in the Sleeping Lions Series. Book One - Living a Lion is already on sale.
