Von Melissa Wright : Frey (The Frey Saga Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Frey (The Frey Saga Book 1) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. Terribly written.... Von Customer It could be an interesting read, but it's difficult to understand. It is Just not well written. In many parts it is hard to understand how "what" came to be. I kept having to go back several pages to try to understand the "what" and "why". Very frustrating. 0 von 4 Kunden fanden die folgende Rezension hilfreich. Interessant Von

Kindle-Kunde War etwas schwierig rein zu kommen aber gar nicht schlecht. Habe mir gleich den nächsten Teil besorgt. Bin gespannt ob es sich lohnt.

Kurzbeschreibung Nothing is as it seems. Frey's life is a lie. She doesn't remember being bound from magic. She didn't intend to discover this dangerous secret, to get entangled in Council business. But she did. And now she's on the run. With the aid of a stranger, she discovers a world beyond the elves who bound her. But it's a world of shadows and dark magic, a world she's been warned not to trust. The farther she strays, the more she finds a forgotten past. As she fights to reclaim her true identity, Council trackers hunt her down. If they find her, she will burn. The stranger offers her a way out, but it's a path of no return. How do you know who to believe when you don't even know who you are?
