Von Elaine Radley : Friendly Temptation (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Friendly Temptation (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Hot SexyVon SnoopsyIf you're looking for diverting entertainment, especially during a hot summer night, this is a must read. Quick-witted dialogue accompanies the way of the characters from being "just friends" to more because they can't deny their appetence any longer. Reading it was fun and "hot", and the story drew to a close much too soon.

More please...

KurzbeschreibungEver since Katherine Ainsley's divorce, a hazy line has emerged in her relationship with best friend Dominic Corvalisone teetering between companionship and lust. When he proposes a dare, she rises to the challenge, even after she finds herself in a place she's never imagined. Besides, Dom is there to support and tease, and the sexual tension percolating beneath their naughty errand is simply too tempting to resist. Perhaps they are meant to be more than just friends. She'll never know until she pushes him across that line...and into the bedroom.
