Von Oliver Tidy : Rope Enough (The Romney and Marsh Files Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rope Enough (The Romney and Marsh Files Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. Can't wait to read more!Von Meks Librarian"Rope Enough" is the first of a series of four books, "The Romney and Marsh

Files". The books are set in Dover and describe the cases DI Romney and his sergeant Marsh have to deal with. Romney is, I believe, in his mid-to-late forties; a single man with at least two serious relationships (marriages?) under his belt but convinced he won't find a suitable candidate for a third try, not at his age and not with his requirements. Marsh is a young woman who has been transferred to Dover only two months ago and has not yet had much time to get to know the place and its people very well. The two are very different in their approach to their work, but make a successful team - probably because of their differences. A young woman working at a garage is brutally raped at her work place. She happens to be the girlfriend of one of the most notorious criminals in town, a man Romney would very much like to see behind bars. When more crimes linked to the first one happen, he sees his chance to finally prove the man's involvement in them and other illegal activities. But something does not add up, and it takes a while before the DI and his sergeant realize that there is more to this case than meets the eye. The way they go about solving it is very well described; I am no expert in police procedure, but it all sounds very much like I'd imagine a real police unit going about their daily work, along with the tedious paper work, reporting to their superiors and so on. People are portrayed in a believable way, and although I have never been to Dover, I am sure that those who know the place will recognise it well in the book. This is no cosy mystery. It is contemporary crime fiction, and although Oliver Tidy never goes into too much gorey detail, some scenes are realistic enough to make you want to get on safer ground in the next chapter. Having said this, I very much enjoyed "Rope Enough" (which, contrary to what the title and cover image imply, has nothing to do with anyone's death by hanging). For a self-published book, it was well edited; I found few typos and only one editing error: A witness changes his name from Nick Holmes to Ricky Holmes a few pages further on. It was free on the kindle shop when I came across it, and I will certainly go and find the other three books in the series, no matter whether they are for free or not. 3 von 3 Kunden fanden die folgende Rezension hilfreich. A really enjoyable read Von Vivienne A. Well thought out. What I really like about a book is if the English is good and doesn't deteriorate into slang. This is an author to watch. 1 von 1 Kunden fanden die folgende Rezension hilfreich. well worth reading Von Lily billy A great book with normal human beings in the story. Can't help loving Romney and his sidekick. Reminds me a bit of the Elizabeth George novels with Inspector Linley and Barbara Havers.

Kurzbeschreibung Newly promoted Detective Sergeant Joy Marsh is shipped out to Dover on the Kent coast to work under Detective Inspector Romney, a copper with a reputation as a cantankerous man but good at his job. On her first night as his sergeant, a brutal crime in the town starts a chain of events that will test the mettle, the resolve and the detective in both of them. ***The Romney and Marsh Files now number six (nearly seven). They don't have to be read in order; they do all work as stand-alone novels. However, to get the most out of each it is recommended that they are consumed in the order in which they were prepared, a bit like the courses of a good meal. (Who wants to eat ice-cream before a bowl of soup?) Here are the books of the series in order: #1 Rope Enough #2 Making a Killing #3 Joint Enterprise #4 A Dog's Life #5 Particular Stupidities #6 Unhappy Families #7 A White-Knuckle Christmas (In production.) *** Kurzbeschreibung Newly promoted Detective Sergeant Joy Marsh is shipped out to Dover on the Kent coast to work under Detective Inspector Romney, a copper with a reputation as a cantankerous man but good at his job.
