Von Ein Kunde I love to read a book that grabs you by the hand and won't let go until the end, and then makes you wish there was more to come ! I would love to see this on the "Big Screen"! I usually don't read romance books, however, I love ghosts and mystery books. This one I could easily pick up and read again. I love the place and time of the story. I felt like I was there when I was reading it and find myself thinking about it still, even though I've finished reading it. Just like some of the best movies I've seen, there were times when laughed to myself and times

when I had tears in my eyes. I even gasped and said "Oh, My God" out loud a few times. That's when you know it's really good, when you can feel it. I can't wait to read your next book. P.S. I would love to meet Tyce!

Von Geryl Trabeaux (gtrabeau@bellsouth.net) From the start of this book you want to read more and more and it keeps getting better. The story is detailed enough to make you feel you are a part of the surroundings without some much detail that you lose interest. In fact, you never lose interest. I could not put the book down. I read it all the way through. I can't wait for the next book from this author and I would love to see this book made into a movie.

Von Ein Kunde This is a great book! The only thing wrong with it is that it had to end. My first love in life is plantation homes and this book was like food for my soul. Having lived in Louisiana for all of my life and in south Louisiana for almost 25 years, I was thrilled to find this book. I would love to read more from this author. I will keep this book in my library and will surely read it again!

Kurzbeschreibung Long ago, in the deep South, Chloe Bienville stood watching at the window of her plantation ballroom for her fiancés return from the War. Zach Brandon never came back. But Chloe is still waiting... Years later, Tyce Brandon, a talented architect--Southern to the core--devotes all his time to restoring the dilapidated plantation known as Caroline. The once-glorious mansion, the center of a decades-old feud with the proud Bienville family, has obsessed the Brandon men for generations. And now, a non-nonsense New Yorker named Delaney, the last of Bienvilles, is flying to Louisiana to end the feud once and for all--by destroying the plantation to make way for a shopping mall. Neither Tyce nor Delaney expected to meet the resident ghost of Caroline. A troubled spirit, Chloe Bienville has been waiting for a chance to be reunited with her long-lost love. Now, with the return of the last Brandon and the last Bienville, she intends to unite the two families and end the curse that torments her. But Tyce and Delaney prove to be most uncooperative and refuse to fall in love on command. Then they discover Chloes secret diary and discover her mischievous side and the lifelong battles of wits she played with her overbearing father and brothers. As they come to understand the legacy Chloe has left for them, they surrender to a passion that will shake the very foundation of Caroline Plantation.
