Von Cecelia Ahern : Rosie Dunne (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rosie Dunne (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen14 von 15 Kunden fanden die folgende Rezension hilfreich. Schnes Buch, aber das gleiche wie "Where Rainbows End"Von TwiggyDas Buch ist zwar nich so schn, wie "P.S. I Love You", oder "If You Could See Me Now" aber trotzdem lesenswert! Doch VORSICHT beim Kauf von "Rosie Dunne" und "Where Rainbows End"! Es ist das selbe Buch, nur mit anderem Titel, da es in verschiedenen Lndern mit

unterschiedlichen Titeln veröffentlicht wurde!3 von 3 Kunden fanden die folgende Rezension hilfreich. BeautifulVon Ein KundeI enjoyed Rosie Dunne. It is a very good book, just as good as her first book P.S. I Love You. As a lovely romantic story, it qualifies as the types that are considered as page-turners and that you will certainly come back to. The pace is fast, the settings are real and the characters are spectacular. This book takes the reader through the ordinary lessons of life where mistakes are made, objectives are achieved and happiness and sadness often at crossroads.What is more about this beautifully crafted love story is Ahern's exquisite writing style and his remarkable talent for this genre. Life is all about choices and making the best bargain with it. The way Rosie's and Alex's childhoods are told and the unique way that the writer told the story through letters, emails, instant messages and text messages etc was remarkable. Despite its few flaws, this novel was endearing.Also recommended: THE USURPER by Janvier Tisi, SILVER LINING, ANNA KARENINA0 von 0 Kunden fanden die folgende Rezension hilfreich. Super!!!Von LeseschafIch konnte nicht genug von dem Buch bekommen!! Das Buch ist nur in eMail-, SMS-, Brief-Kartenform geschrieben!! Es macht Spa das Buch zu lesen! Ich habe jede Seite geliebt!! Es ist ein absolutes Muss!!!!

KurzbeschreibungSometimes you have to look at life in a whole new way . . .From the bestselling author of PS, I Love You comes a delightfully enchanting novel about what happens when two people who are meant to be together just can't seem to get it right.Rosie and Alex are destined for one another, and everyone seems to know it but them. Best friends since childhood, their relationship gets closer by the day, until Alex gets the news that his family is leaving Dublin and moving to Boston. At 17, Rosie and Alex have just started to see each other in a more romantic light. Devastated, the two make plans for Rosie to apply to colleges in the U.S. She gets into Boston University, Alex gets into Harvard, and everything is falling into place, when on the eve of her departure, Rosie gets news that will change their lives forever: She's pregnant by a boy she'd gone out with while on the rebound from Alex. Her dreams for college, Alex, and a glamorous career dashed, Rosie stays in Dublin to become a single mother, while Alex pursues a medical career and a new love in Boston. But destiny is a funny thing, and in this novel, structured as a series of clever e-mails, letters, notes, and a trail of missed opportunities, Alex and Rosie find out that fate isn't done with them yet.From the gifted author of PS, I Love You comes this charming, romantic, addictively page-turning novel that will keep readers laughing and guessing until the very last page..deCecelia Ahearn's Rosie Dunne is the amusing story of Alex and Rosie, best friends who grow up together in Ireland and stay close throughout cross-continental moves, marriages, parenthood, family dramas. and professional triumphs. Friends for close to 50 years, the potential for romance between the pair is always under the surface, yet never seems to find the right time or place to become a reality. Twenty-three year old Ahern, whose debut novel, PS, I Love You, was a modest hit with critics and readers alike, does not deviate much from the witty yet sentimental style she seems to naturally possess. Rosie Dunne is written through a series of notes, letters, IMs, e-mails, and text messages between the two protagonists and their various friends and family members. While this style is engaging at first, readers may eventually long for more substantial dialogue and fewer choppy exchanges. In fact, about halfway into the story, some may even feel the urge to skip ahead to what is almost an inevitable conclusion. However, the addition of entertaining secondary characters (such as Rosie's best friend Ruby and her overweight, yet oddly talented, salsa-dancing son) help keep the momentum going through one-to-many near misses between Rosie and Alex. Overall, Rosie Dunne is a touching look at what happens when "the one" always seems to be just a tad bit out of reach. Still, one can't help wondering if this novel may have been better suited to a short but sweet episode of a half-hour sitcom. --Gisele TouegKurzbeschreibungSometimes you have to look at life in a whole new way . . .From the bestselling author of PS, I Love You comes a delightfully enchanting novel about what happens when two people who are meant to be together just can't seem to get it right.Rosie and Alex are destined for one another, and everyone seems to know it but them.
