What a cliffhanger!Von CassandraI still can't believe Ben would do something like that!After part one I thought I had an idea on how this would go. Uhm, I was so wrong.Kayla still believes Ben's version of the events and sticks by him. Ben is eager to convince Kayla that his version is true and yet, not to talk to Noah or Alexa. On the other hand, he's never angry when she speaks about him.Noah and Kayla meet more and more to talk about the events that happened

twelve years ago. Noah is the only one to fill the gaps Ben leaves in his story. The more Kayla learns about the brothers and what happened, the more torn she is on what to believe, which side to take. In all this mess, she has to lie to her best friend Alexa and can't be as happy at the pre-wedding stuff she should be. After one talk with Noah, Kayla is eager to fly out to Boston to help Ben. And while there she decides to go grab the stuff she left at the apartment she had with her ex. But that trip to Boston - nothing is at its seems and Kayla is in for another life changing discovery.

Kurzbeschreibung The second part of RUIN, a three-part series from New York Times and USA Today bestselling author, Deborah Bladon. Kayla Monroe had fallen hard and fast for Dr. Ben Foster. He was everything she needed and wanted after being dumped by the man she thought she loved. What started as a one night stand quickly turned into a blossoming relationship. Then the complications of his youth halt everything in its tracks. The voices around her are telling Kayla that Ben isn't the man she thinks he is but her heart is telling her something completely different. She's drawn to him like a moth to a flame and as she listens as he explains his past, she sees the promise of a future with him that she desperately wants. She's the thread that will weave a path for Ben back into the family he has lost. She senses it and as she takes on the task of releasing him from his burdens, she discovers that the man she has been sharing her bed with is, more complicated than she ever imagined. Just as Kayla is about to step into her future with Ben, she ends up in a place where she's forced to accept a truth that she never knew existed. Note: This ends in a cliffhanger. The entire series is now complete and available as a bundled set here on !
