Brilliant! Amazing! Stunning! Intense! Hot! Heartbreaking! Thrilling!Von CassandraSeriously? Just five stars? We need another rating for books like that! Like, all the stars in the universe! Because five stars doesn't even cover it!!If a book keeps you up all night and you don't regret for one second that you haven't slept, you know it's just amazing.

Words can't even begin to cover it. Brilliant! Amazing! Stunning! Intense! Hot! Heartbreaking! Thrilling! "You're mine. You'll always be mine. We live together, or we die together. There is nothing in between." That pretty much sums up everything that happens in this book, and in this whole series. Antonio and Theresa are on the run from the mafia. Trying to start a new life without fear and looking over your shoulder. Just like before things don't go easily for them and Jonathan's heart problems make Theresa realise how much she can't leave her family behind. The conflicting feelings demand a decision... stay away or go back home to LA. As things are it's not really a hard decision. But there are things to consider before. They can't walk in like nothing happened. The mob is on them. There's money on their heads. From here on out you know this won't be an easy ride. One problem after the other make everything worse. Antonio's past is catching up in a way you would have never ever expected. Those who have been on his side before turn their backs on him. Who can you still trust? Who can you ask for help? The only one who's still at his side, making vows to stay at his side, to live or die together, it's Theresa. Loved Theresa's development throughout the series! She definitely nailed it in Rule! Such a badass she is. She's not taking it safe anymore. She doesn't hold back. She starts to fight for what she wants and the love of her life. Contessa is not afraid to get her hands dirty to achieve her goals. Antonio... oh Capo, my Capo... from a man out on vendetta to a man who feels again, who loves again, afraid to lose his Contessa and the control over everything. In his need to protect his woman, he only makes her stronger and has to accept that she will stay by his side forever through everything. Rule had me sucked in from the first to the last word. CD Reiss has such an outstanding talent, an amazing ability to have you on the edge of your seat from the beginning to the end. She writes so intensely that you feel what the characters feel... their love, their pain, their heartbreak, their anger, their chemistry. You always have the feeling to be right in the story, at the side of either character. No matter if it is from Antonio's or Theresa's POV. I really had no idea where she would take them... would they live together or die together??? Rule is about love, loyalty, family, friendship, trust, faith. No matter what I write or which words I use, it will never be able to catch every aspect that is the Corruption series. This is a MUST READ SERIES! It's a series that will stick with you forever! It's not letting you go! CD Reiss is one of those authors that you automatically one-click, because you know her amazing talent will deliver a great story with great characters and an amazing reading experience.
