Einfach Traumhaft, auch in EnglischVon Knut PohlWalter Moers Zamonien ist schlicht eine Klasse fr sich und ich habe bisher alle seine Zamonien-Bcher in Rekordzeit verschlungen. Um diese Leidenschaft mit meiner Nicht-Deutschsprachigen Freundin zu teilen, hab ich zu den Englischen Bchern gegriffen. Und irgendwie konnte ich der Versuchung nicht widerstehen, und hab's halt nochmal in der bersetzung gelesen. Ich muss sagen: Hut ab. Natrlich leidet das ein oder

andere Detail in der bersetzung bzw. ist schlicht nicht besser rber zu bringen, aber die bersetzer haben es sehr gut geschafft, Flair, Fantasie und Witz des Buches geschickt rber zu bringen. Und nur dass und nichts anderes haben die Moers'schen Geniestreiche verdient.3 von 5 Kunden fanden die folgende Rezension hilfreich. FANTASTIC STORY - but... Von O. Cooper Don't get me wrong - despite the lack of more stars in my rating, the book is phenomenal and one of my all-time favourites. I'm glad the English translation from German is really good, too! I highly recommend it to anyone and the story alone would have got 5+ stars from me! The reason for my not giving more stars: unfortunately the quality of the paperback is less than satisfactory. Extremely thin cardboard as the cover, and the paper looks and feels like newspaper that's been recycled too many times. After reading the book once, despite taking great care, it looks worn and old - not very becoming on the showcase bookshelf! It is a real shame, as for that money, you'd expect something more lasting than that. What a disappointment!! 1 von 1 Kunden fanden die folgende Rezension hilfreich. Fantastic Von Traveller45 The illustration is misleading. This is not for children. It's a bloodthirsty gut-wrenching adventure, to let LORD OF THE RINGS pale in comparison. No saucy detail spared. Also, lots of science involved (even though a large part is gibberish) which might not necessarily interest kids.

Kurzbeschreibung Astonishingly inventive, amusing and engrossing, Rumo is a captivating story from the wildly fanciful imagination of Walter Moers. Rumo is a little Wolperting who will one day become the greatest hero in the history of Zamonia. Armed with Dandelion, his talking sword, he fights his way across Overworld and Netherworld, two very different realms chock-full of adventures, dangers, and unforgettable characters: Rala, the beautiful girl Wolperting who cultivates a hazardous relationship with death; General Ticktock, the evil commander of the Copper Killers; Ushan DeLucca, the finest and most weather-sensitive swordsman in Zamonia; Volzotan Smyke, the corpulent Shark Grub; Rolv of the Forest, a Wolperting who can pass through the White Fire; Yggdra Syl, the guardian of the Nurn Forest and its talkative animals; Professor Abdullah Nightingale, inventor of the Chest-of-Drawers Oracle; and, the worst of luck, the deadly Metal Maiden. Pressestimmen "Moers' creative mind is like J. K. Rowling's on Ecstasy" (Detroit Evening News) "Moers' writing is alluring, to say the least. He writes with as much detail as he draws, and his vivid imagination is matched by his ability to pace a story and create interesting characters" (The State (South Carolina)) "Moers' drawings...are fantastic, in both definitions of the word, but what's truly appealing is the world that he creates in this marvelous tale of adventure and self-discovery... It's less a text and more an imagination on paper" (Philadelphia Inquirer) "Parodic and sincere, slapstick and heart-tugging by turns, Moers's novel has fresh things to say on the nature of heroism and nobility" (Washington Post) Werbetext 'Resembles a collaboration between Terry Pratchett and Clive Barker with something of the yarn spinning facility of each' Guardian
