**Von Catherine Mulvany : Run No More (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Run No More (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Unusual plot, wonderful characters - great story!Von CassandraI loved this book!! Catherine Mulvany writes a truly unique story. Who would think that a sixty year old, wheelchair-bound hero would work in a romance? I surely didn't. And was in for a big surprise! Catherine Mulvany just pulled me into the story and soon I was totally captivated and age differences and physical constrictions didn't seem to matter as much as the coming-together of two lonely souls.About the story:Tasya Flynn is on the run from a dark and painful past. When she breaks into the villa of Ian MacPherson to get some food, he is just about to shoot himself. He sees Tasya's appearance as a sign and starts to train her as a jewel thief, his former profession. Thirty years ago his partner double-crossed him to get a famous gemstone called Milagre. The stone is supposed to have supernatural powers. Ian got injured and spent the last thirty years in a Brazilian prison bound to a wheelchair. Now he is set on revenge. Together with Paulinho, a friend of Ian's whom he met in prison and who sometimes has visions, they plan to steal the stone back from Ian's former partner who got rich by opening a spa in southern California using the stone's healing powers. Disguised as guests they get into the spa and are amazed when the treatment Ian gets as a ruse seems to work in a major way. He starts to feel his legs again and soon can walk again. But just as they manage to steal the stone back, a man from Tasya's past turns up, trying to punish Tasya and ending up shooting Ian. Tasya, who had fallen in love with Ian, is devastated. But then Paulinho hints that the stone is supposed to hold the power to travel through time. Suddenly there seems to be a way to prevent Ian from getting betrayed and injured thirty years ago, and consequently being shot in the present. Will Tasya risk everything to try and turn around the life of the man she loves?\*Small Spoiler\* Of course, she does or she wouldn't be such a wonderful heroine! The re-uniting of Tasya and Ian is my favorite part of the book. Full of deep feelings, Tasya's quirky remarks and Ian wondering why the woman he just met seems so familiar.This book will stay on my shelf forever! I've already read it two times and surely will read it again in the future. I'm a sucker for a love story that will give you all the ups and downs, make you cry and laugh, and this book definitely does. Highly recommended!

KurzbeschreibungNOWHERE TO RUN. NOWHERE TO HIDE. Fleeing her dark past, Tasya Flynn desperately breaks into a mansion -- and is caught red-handed by its owner, legendary millionaire and cat burglar Ian MacPherson. Fiercely intelligent and strangely attractive, he has been a recluse ever since his partner-in-crime betrayed him, but he is still a man to be reckoned with. Tasya expects him to call the police; instead he offers to mold her into a world-class jewel thief. After all, she needs a refuge and he needs someone to help him retrieve the priceless stone his former partner double-crossed him to obtain. But when the heist goes awry, Tasya discovers the mystery of the stone and embarks upon a perilous and passionate journey. For Ian is on a deadly quest for revenge, and it's up to Tasya to save him from a tragic fate...if she can.From Publishers WeeklyRight before Tasya Flynn breaks into ex-cat burglar and millionaire Ian MacPherson's California mansion, he comes close to ending his own life out of a sense of hopelessness in Mulvany's (Aquamarine, etc.) unwieldy tale of romantic suspense. But Ian sees in Tasya, who clearly possesses latent talent for capers, a chance to take revenge on Alex Farrell, who left him for dead during their theft 30 years earlier of the Brazilian Milagre, "an enormous tourmaline, half again the size of a man's fist and a rich ruby red." Though Ian is a generation older than Tasya and, thanks to Alex, is confined to a wheelchair, they fight a growing attraction. Ian trains Tasya to exact his revenge and slowly learns of her horrific past with an abusive lover named Richard, whom she murdered to escape or so she thinks. When Tasya learns that she can use Milagre for time travel (Milagre means "miracle" in Portuguese), she goes back to the time of the original theft and ends up falling in love with Ian's younger self even more deeply than with the present-day Ian. Happily-ever-after 30 years in the past may seem strange, but it's no more bizarre than the rest of this roller-coaster of a novel, which suffers from a surfeit of magic and mayhem. Copyright Reed Business Information, a division of Reed Elsevier Inc. All rights reserved.From Booklist\*Starred \* Betrayed by his old apprentice, and rendered wheelchair-bound for 30 years, former cat-burglar Ian MacPherson is ready to take his own life when fate sends young Tasya Flynn into his world--and into his heart. Tasya, also wounded inside and out, suspects Ian's motives for helping her, but she soon grows to trust and even love him, and she is willing to help him on one last caper for revenge on the man who crippled him. But the key to the job, a mysterious red tourmaline called Milagre, turns out to be more than they bargained for, and is, in fact, nothing less than the key to their past and their future. Mulvany turns in a unique and captivating tale, a work of romantic suspense laced with paranormal elements and anchored by an unconventional hero and an action-oriented heroine. Readers who enjoy books that veer off the beaten path will enjoy this one, and its cross-genre appeal should entice readers who like romance, suspense, and a bit of magic.
