Kurzbeschreibung Trinity Grace knows about control. She understands control. She's lived with the tight reins of control wrapped around her so tight, she can barely breathe. When she finds out to what great lengths her father would go to retain that control, she flees to Vail, Colorado, to enjoy a girls' week-long party. She's surprised to find Rush Drayton in Vail. A man, she only recently met a man, who sends delicious shivers up her spine. What are the chances they could both leave Savannah and wind up in the same city? Rush Drayton is an enigma to Trinity. His dashes between being super-sinfully sizzling to cold and distant leaves her confused and vulnerable. He continually says things that confuse and confound her. Once the holiday is over, Trinity returns home to her normal life however, there is nothing normal about the trouble that continuously seeks her out. As she struggles to thaw her father against his attempts to retain control over her, pain and suffering seem to follow. She turns to Rush in her times of extreme crisis, but is he really helping? Or the one behind all the suffering? Kurzbeschreibung Trinity Grace knows about control. She understands control.
