Important prequel to Fall For MeVon JohannaFirst, I read the prequel because I was dumb and didn't read the sentence " It is meant to be read after Fall For Me, although it can be read first..." which K.A. Last posted on Goodreads. I guess it would have been better to do so. Because Seth's behavior in the novel was a bit confusing to me after having read the prequel already.In the prequel, Seth and Grace are angels on a mission in England. They are working for the council, a heavenly institution which indirectly tries to manipulate some happenings on Earth. But Seth has feelings for his old friend Grace that angels just shouldn't have. And he doesn't know how to deal with them. Then, he makes a difficult decision.In my opinion the content summary gives away too much. It basically summarizes the complete prequel in a few sentences. It was interesting to read about their life in heaven and what they used to do on their missions. So, I would recommend to everyone to follow the author's advice and start with Fall For Me.Nevertheless, this prequel totally makes sense to understand all aspects of Last's series and the plot of Fall For Me. Everyone who has read the novel will definitely want to know more about Seth and Grace's history.

KurzbeschreibungSeth's heart is breaking. He knows his decision will hurt the one person he keeps breathing for, but he can't take it anymore. He can't be near Grace knowing she will always be just out of reach.Grace is oblivious to Seth's turmoil. She loves him unconditionally, but not in the way he wants. They both know that in Heaven physical love is forbidden, and to break the rules is to defy everything they've ever been taught.When Grace and Seth are sent on a mission to save a young mother and her unborn child, Grace must face the fact that Seth won't be returning home. She doesn't understand Seth's decision and hates him for it. But what neither of them realize is how big a part that single decision will play in shaping their entire future.What would you sacrifice for the one you

ber den Autor und weitere MitwirkendeK. A. Last was born in Subiaco, Western Australia, and moved to Sydney with her parents and older brother when she was eight. Artistic and creative by nature, she studied Graphic Design and graduated with an Advanced Diploma. After marrying her high school sweetheart, she concentrated on her career before settling into family life. Blessed with a vivid imagination, she began writing to let off creative steam, and fell in love with it. She now resides in a peaceful, leafy suburb north of Sydney with her husband, their two children, and a rabbit named Twitch.
