Von Ellis Peters : Saint Peter's Fair (Chronicles Of Brother Cadfael) before purchasing it in order to gage whether or not it would be worth my time, and all praised Saint Peter's Fair (Chronicles Of Brother Cadfael):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. TOWN VERSUS ABBEY!Von Plume45I rarely dare to fault Peters, the master, but I found the pacing odd as we approached the climactic conflagration. Things slowed down to a few pages of detailed description, as the heroine studies her new surroundings--oblivious to the fact that she is now locked in. But all Brother Cadfael mysteries are excellent: look for

the Least-Likely Suspect to be your murderer. And as a layperson who likes her men of the cloth to be near saints, I am mollified to see that Cadfael is much less worldly than in the first 3 novels; he drinks and recalls past amours less, yet he still glories in an occasional ride on a fine horse, when a legitimate opportunity presents. And he savors the prospect of godparenthood, since at 59 he is the right age if he had a son. But beware whenever Cadfael or Hugh feels that Shakespearian pricking of the thumbs! Death is just as sudden and final in the 12th century, where murder must be solved without use of sophisticated technology and communication--just a bi-annual challenge for our supersleuth, who solves them all by using his wits, and his knowledge of herbs and human nature.0 von 1 Kunden fanden die folgende Rezension hilfreich. Good book for PBS viewers of Brother Cadfael Von James R. Nuttall St. Peters Fair. For those who like watching the Brother Cadfael series on PBS, St. Peters Fair is a must read. This book will fill in much of the missing character development of those we meet on the television screen. We also get a much fuller picture of the town and castle of Shrewsbury. The story is engaging and leaves one guessing as to the final outcome until the very end. As one who loves to watch the televised productions of Brother Cadfael, St Peters Fair will encourage you of the value of also reading the chronicles of Brother Cadfael. Also check out the Brother Cadfael web sites. You can find a list of the Ellis Peters books and maps and history about Shrewsbury.0 von 1 Kunden fanden die folgende Rezension hilfreich. A very well woven story. Von Norm The great Saint Peter's Fair brings merchants from miles around to Shrewsbury. The fair of 1138 had been canceled by the siege of the city. This year's fair seems to go better than usual except for the murder of a participant. Brother Cadfael begins the fair interpreting for a Welsh merchant who speaks no English, and ends up in the middle of a very confusing and dangerous political plot. This book is interesting reading from start to finish.

Kurzbeschreibung In July of 1139, a quarrel between the local burghers and the monks of the Benedictine monastery over Shrewsbury's annual Fair leaves a merchant dead. Pressestimmen "Each addition to the series is a joy. Long may the Chronicles continue." --USA Today "Stylishly authentic...A graceful and informative case for Peters's engaging herb-gardening monk." --Kirkus s "Wonderful history lessons wrapped up in a mystery and served with style and grace." --The Cincinnati Post Werbetext In his fourth chronicle Brother Cadfael is summoned from his peaceful herb garden to solve the mystery of the murder of a merchant.
