Von Cara Carnes : Salvation (The Rending Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Salvation (The Rending Book 3) (English Edition):

Von Jean SmithMs. Carnes pulled out the stops with this heroine and the story of Salvation. I couldnt put it down and my emotions were doing a yo-yo dance. For the previous two books in The Rending series, shes left you wondering just what Camryns agenda is. She is at the root of all suspicions and

despised by all and yet she sticks loyally by their sides and continues to pull their butts out of the fry pan time after time. Towards the end of Redemptions Forgiveness, she saved the lot of them from an army of NAH. She was instrumental in rescuing the king. Still they wont trust her. Now her mate lies in a coma and she isnt allowed near him. Of course, no one knows hes her mate and she is bound by oaths and her mission not to tell anyone. Its for the best right? After all, she doesnt expect to make it out of this alive. But shell do everything she can to make sure the king and her mate do, in spite of all the visions that say otherwise. So with the help of her fledglings, a bit of ancient magic and ritual, shell heal her mate in secrecy. Then shell deal with the repercussions of his suspicions. Everything is about the success of her mission. Trent awakens from his coma to discover himself drawn to the succuba mage. He doesnt know what her agenda is but hes going to find out, one way or another. Being ordered to seduce her, though that doesnt sit quite right with this warrior. The closer he gets to her, though, the harder he finds it not to defend her. He discovers she is one hell of a knowledgeable warrior. Shes an excellent mentor. She commands loyalty from those she trains. Its becoming darned hard to stay away from her and it sure isnt a command that keeps him at her side. There is so much that could be said about Camryn and Trent. She was raised from birth in the crucible as the enemy behind the lines. Her life has always been about sacrifice. I loved watching Trent fall in awe and in love with her long before he figures out that she is his mate. I loved watching him become the mate she needed him to be. I wish I could express all those things that had my emotions tripping, but youre going to have to read this one to figure it out for yourself. There are just too many surprises and spoilers to go there. I have no clue how the heck Ms. Carnes is going to top this one. Im sure well find out when she delivers the kings story. If you havent picked up The Rending series then Id highly recommend it. Its an excellent dystopian fantasy. While all of the books can be read as stand alones, I would really recommend reading them in order. *****Reviewed for Xtreme-Delusions*****
