War nicht ganz mein FallVon green lanternNachdem ich WOOL in Windeseile durch hatte und davon absolut gefesselt war, konnte ich hier nicht widerstehen.Schreibstil ist nicht so schlecht, die Story pltschert aber eher dahin. Was mich

am meisten genervt hat war das gepresste Aufbauen dieser Sandwelt mit ihren Eigenheiten und Vokabular, das per Fussnote erklärt wird. Absolut nervig. Bin zwar kein Physiker aber was die Protagonisten hier im Sand alles machen können ist teilweise sehr fragwürdig. Hab ich dann nach 1/3 abgebrochen. 1 von 1 Kunden fanden die folgende Rezension hilfreich. A worthy new story from the creator of "Wool". Von Johnny Nys We are plunged immediately into this alien world. Soon we deduce this is future earth, somehow covered by a layer of sand 1,000 metres thick, and people have learned how to swim in it. A combination of a reverse "Waterworld" and Frank Herbert's "Dune" without all the politics and prophecies. Howey captures perfectly the workings of the human mind and feelings in extraordinary situations. This story definitely lives up to "Wool", and Vic raising the Honey Hole is an amazing feat, which for some reason made me think of Scarlet Witch in "The Avengers: Age of Ultron". 0 von 0 Kunden fanden die folgende Rezension hilfreich. Sehr schnes Buch Von Alexander S. Ich muss sagen, die Geschichte fand ich schon sehr ergreifend. Ich bin nicht so der Leser (ein Buch pro Jahrzehnt) aber das war schon was sehr schnes

Kurzbeschreibung The old world is buried. A new one has been forged atop the shifting dunes. Here in this land of howling wind and infernal sand, four siblings find themselves scattered and lost. Their father was a sand diver, one of the elite few who could travel deep beneath the desert floor and bring up the relics and scraps that keep their people alive. But their father is gone. And the world he left behind might be next. Welcome to the world of Sand, the first new novel from New York Times bestselling author Hugh Howey since his publication of the Silo Saga. Unrelated to those works, which looked at a dystopian world under totalitarian rule, Sand is an exploration of lawlessness. Here is a land ignored. Here is a people left to fend for themselves. Adjust your ker and take a last, deep breath before you enter. Currently in development for television at SyFy. Stay tuned! Pressestimmen "Sand immerses you in its grubby post-apocalyptic world. Howey conjures a credible, brutal future." (Financial Times) "Hugh Howey can really write." (SFX) "In short, Sand will earn Mr Howey another well-deserved million or more." (Daily Sport) "This terrifically fresh and well-realised setting provides the background for a richly emotional story about families and communities." (Morning Star) "Sand shows the success of Howey's Wool Trilogy was no fluke. This is a superior SF thriller, both slick and gritty." (Financial Times) Werbetext The incredible new novel and brand new world from the international bestselling author of the Wool trilogy.
