Gaining and losing control...Von MagritteFor some authors and readers it seems important to underscore the fact that BDSM is not about abusing and submitting someone weak, that a woman who submits sexually can absolutely be a very strong successful women in every other aspect of her life. This is what this story is about.M Taylor Hamilton is a very successful young woman. She becomes VP of the firm she is working for, has no time for feelings or any man in fact, her life is all about control and business. Adam Kirliss is fascinated by Taylor since the first time he saw her and has decided to make her his, but knowing that she would send him away if he would invite her for dinner he decides to

find a way to break the walls she build around herself. So when he handcuffs her to the rail of her boss's yacht during an office party and excites her he sets the first steps in breaking her control. It is a hot short story. I am not sure if I would have enjoyed a much longer story even if the author would have put more character development into it. I had the feeling it was just the right length. The sex scenes were hot but lacked for me a bit of fantasy compared to other BDSM authors I really enjoy. What I regretted is that the story about their relationship other than sex was just too short or nearly inexistent in my opinion. The stubbornness of both characters is entertaining as well their interaction. If you have two hours to spare and feel like reading something hot about keeping control and giving control away and some hot sex... try this one. Enjoy MBTM

Kurzbeschreibung A successful executive, M. Taylor Hamilton is on track with her ten-year plan. Too bad her personal life consists of hitting the gym and grocery shopping. Enter the seductive Adam Kirliss. They may have a working relationship, but everything changes at an office party when he handcuffs her to the rail of a yacht. Taylor writes off the adventure as too much champagne, but when Adam challenges her to a date, she agrees to meet up with him. And follow his rules. They share a night of exquisite intimacy, brimming with both pain and pleasure. But afterward, fearful of losing her heart, Taylor pulls back emotionally. Adam is determined to prove that she longs for the loss of control he can give her and the passionate release it provides. How can he make her see that he wants her, and not just her body? 32,000 words
