Von Susan Mac Nicol : Saving Alexander (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Saving Alexander (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. At first I had expected a little different....Von vpobiI liked it very well. At first I had expected a little different, but the way it was, it appears correct. Bit by bit you get to know the history of Alexander, and more and more one can understand how it got there. Fascinating how he copes with his life. The story of Eric is described in detail at first, but somehow he is then irrelevant, although he is still very important to the story. First we read even what he thinks and then you know nothing of him directly. Sage is sensitive and understanding, yet easy angry and overreacting. When the Safe Word falls, I would have wished that he fights more, but rules are rules? gut wrenching! But the story goes thankfully

on. And the elucidation of the whole drama is also very well written. The final like a fairy tale;)

KurzbeschreibungPunishing himself for a horrific past that is not his fault, bestselling author Alexander Montgomery seeks redemption and loveand perhaps he will find it.Famous author though he may be, Alexander Montgomery is not someone you take home to meet your mother. Seriously flawed, damaged by a horrific past, hes trying hard to claw his way back to normality. But how can anyone respect what he truly is? His therapy involves regular sessions at Study in Scarlet, an exclusive SM club.Then comes Sage. Tall, with black hair and blue eyes, an up-and-coming actor with impossible charm and boy-next-door good looks, hes the perfect choice to play the leading man in a TV adaptation of Alexs latest best-seller. Even more, he is a man you introduce to your family. Which Alex would doif he werent taken by another man who offers the punishments Alex prays will wipe away the past and make him the person he wants to be. Yet, perhaps there is another path to redemption. If only the solution would reach out and touch

ber den Autor und weitere MitwirkendeSue Mac Nicol was born in Leeds, Yorkshire, in the United Kingdom. At the age of eight, her family moved to Johannesburg, South Africa where she stayed for nearly thirty years before arriving back in the UK in December 2000. She has written nine novels, two novellas and a screenplay since February 2012 and clearly believes in keeping herself busy. She has found herself wanting to stay in the genre that is M/M Romance so more can definitely be expected. Sue is a member of Romance Writers of America and Romantic Novelists Association in the UK. She is also a member of a rather unique writing group, called the Talliston Writers Circle, which in itself has a story all of its own to tell and lives in the rural village of Bocking, in Essex, with her family. Her plan is to keep writing as long as her muse sits upon her shoulder. Her dream is to one day make enough money to give up the day job and get that big old house in the English countryside overlooking a river, where she can write all day and continue to indulge her passion for telling stories.
